217.670. 1. The board shall adopt an official seal of which the courts shall take official notice.

2. Decisions of the board regarding granting of paroles, extensions of a conditional release date or revocations of a parole or conditional release shall be by a majority vote of the hearing panel members. The hearing panel shall consist of one member of the board and two hearing officers appointed by the board. A member of the board may remove the case from the jurisdiction of the hearing panel and refer it to the full board for a decision. Within thirty days of entry of the decision of the hearing panel to deny parole or to revoke a parole or conditional release, the offender may appeal the decision of the hearing panel to the board. The board shall consider the appeal within thirty days of receipt of the appeal. The decision of the board shall be by majority vote of the board members and shall be final.

3. The orders of the board shall not be reviewable except as to compliance with the terms of sections 217.650 to **[**~~217.810~~**] 217.805** or any rules promulgated pursuant to such section.

4. The board shall keep a record of its acts and shall notify each correctional center of its decisions relating to persons who are or have been confined in such correctional center.

5. Notwithstanding any other provision of law, any meeting, record, or vote, of proceedings involving probation, parole, or pardon, may be a closed meeting, closed record, or closed vote.

6. Notwithstanding any other provision of law, when the appearance or presence of an offender before the board or a hearing panel is required for the purpose of deciding whether to grant conditional release or parole, extend the date of conditional release, revoke parole or conditional release, or for any other purpose, such appearance or presence may occur by means of a videoconference at the discretion of the board. Victims having a right to attend parole hearings may testify either at the site where the board is conducting the videoconference or at the institution where the offender is located. The use of videoconferencing in this section shall be at the discretion of the board, and shall not be utilized if either the victim or the victim's family objects to it.

217.710. 1. Probation and parole officers, supervisors and members of the parole board, who are certified pursuant to the requirements of subsection 2 of this section shall have the authority to carry their firearms at all times. The department of corrections shall promulgate policies and operating regulations which govern the use of firearms by probation and parole officers, supervisors**,** and members of the parole board when carrying out the provisions of sections 217.650 to **[**~~217.810~~**] 217.805**. Mere possession of a firearm shall not constitute an employment activity for the purpose of calculating compensatory time or overtime.

2. The department shall determine the content of the required firearms safety training and provide firearms certification and recertification training for probation and parole officers, supervisors**,** and members of the parole board. A minimum of sixteen hours of firearms safety training shall be required. In no event shall firearms certification or recertification training for probation and parole officers and supervisors exceed the training required for officers of the state highway patrol.

3. The department shall determine the type of firearm to be carried by the officers, supervisors**,** and members of the parole board.

4. Any officer, supervisor**,** or member of the parole board **[**~~that~~**] who** chooses to carry a firearm in the performance of such officer's, supervisor's**,** or member's duties shall purchase the firearm and holster.

5. The department shall furnish such ammunition as is necessary for the performance of the officer's, supervisor's**,** and member's duties.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority of this chapter, shall become effective only if the agency has fully complied with all of the requirements of chapter 536 including but not limited to, section 536.028, if applicable, after August 28, 1998. All rulemaking

authority delegated prior to August 28, 1998, is of no force and effect and repealed as of August 28, 1998, however nothing in section 571.030 or this section shall be interpreted to repeal or affect the validity of any rule adopted and promulgated prior to August 28, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in section 571.030 or this section shall affect the validity of any rule adopted and promulgated prior to August 28, 1998.

217.720. 1. At any time during release on parole or conditional release the division of probation and parole may issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the division. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation or parole officer may issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the division to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail.

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the division shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the division may issue a warrant for the arrest of any person from another jurisdiction**[**~~, the visitation and supervision of whom the division has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810,~~**]** for violation of any of the conditions of release**[**~~,~~**]** or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the division. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

548.241. 1. All necessary and proper expenses accruing under section 548.221, upon being ascertained to the satisfaction of the governor, shall be allowed on his certificate and paid out of the state treasury as other demands against the state.

2. All necessary and proper expenses accruing as a result of a person being returned to this state pursuant to the provisions of section 548.243 **[**~~or 217.810~~**]** shall be allowed and paid out of the state treasury as if the person were being returned to this state pursuant to section 548.221.

3. Any necessary and proper expenses accruing as a result of a person being returned to this state under the provisions of chapter 589 may be paid either out of the Missouri interstate compact fund established in chapter 589 or out of the state treasury.

589.564. 1. Upon a petition from the state, a circuit court is authorized to add any condition to a term of probation for an offender supervised in this state for a term of probation ordered by another state, including shock incarceration; however, the court shall not reduce, extend, or revoke such a term of probation. The circuit court for the jurisdiction in which a probationer is under supervision shall serve as the authorizing court for the purposes of this section. The prosecuting attorney or circuit attorney for the jurisdiction in which a probationer is under supervision shall serve as the authorized person to petition the court to add a condition of probation. Notwithstanding any provision of section 549.500 or 559.125, the division of probation and parole may submit violation reports to the prosecuting attorney or circuit attorney with authority to petition the court to add a condition to a term of probation under this section.

2. If supervision of a parolee in Missouri is administered pursuant to this compact, the division of probation and parole shall have the authority to impose a sanction or additional conditions in response to written violations of supervision; however, the division of probation and parole shall not reduce, extend, or revoke such a term of parole.

589.565. A Missouri probationer or parolee seeking transfer of their supervision through this compact shall pay a fee in the amount of one hundred seventy-five dollars for each transfer application submitted. The transfer application fee shall be paid to the compact commissioner upon submission of the transfer application. The commissioner or commissioner's designee may waive the application fee if either the commissioner or the commissioner's designee finds that payment of the fee would constitute an undue economic burden on the offender. All fees collected pursuant to this section shall be paid and deposited to the credit of the "Missouri Interstate Compact Fund", which is hereby established in the state treasury. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used for the sole benefit of the department of corrections in support of administration of this section; expenses related to assessment, retaking, staff development, and training; and implementation of evidence-based practices in support of offenders under supervision. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[~~217.810. 1. The governor is hereby authorized and directed to enter into the interstate compact for the supervision of parolees and probationers on behalf of the state of Missouri with the commonwealth of Puerto Rico, the Virgin Islands, the District of Columbia and any and all other states of the United States legally joining therein and pursuant to the provisions of an act of the Congress of the United States of America granting the consent of Congress to the commonwealth of Puerto Rico, the Virgin Islands, the District of Columbia and any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes, which compact shall have as its objective the permitting of persons placed on probation or released on parole to reside in any other state signatory to the compact assuming the duties of visitation and supervision over such probationers and parolees; permitting the extradition and transportation without interference of prisoners, being retaken, through any and all states signatory to the compact under such terms, conditions, rules and regulations, and for such duration as in the opinion of the governor of this state shall be necessary and proper and in a form substantially as contained in subsection 2 of this section. The chairman of the board shall administer the compact for the state.~~

2. INTERSTATE COMPACT FOR THE SUPERVISION OF PAROLEES AND PROBATIONERS

This compact shall be entered into by and among the contracting states, signatories hereto, with the consent of the Congress of the United States of America, granted by an act entitled "An act granting the consent of Congress to any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes."

The contracting states solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this compact (herein called "receiving state"), while on probation or parole, if

(a) Such a person is in fact a resident of or has his family residing within the receiving state and can obtain employment there;

(b) Though not a resident of the receiving state and not having his family residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to his coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(2) The receiving state shall assume the duties of visitation and supervision over probationers or parolees of any sending state transferred under the compact and will apply the same standards of supervision that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. The decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state. Provided, however, that if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or he should be suspected of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this compact, without interference.

(5) Each state may designate an officer who, acting jointly with like officers of other contracting states shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

(7) That this compact shall continue in force and remain binding upon each executing state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto.

3. If any section, sentence, subdivision or clause within subsection 2 of this section is for any reason held invalid or to be unconstitutional, such decision shall not affect the validity

~~of the remaining provisions of that subsection or this section.~~

~~4. All necessary and proper expenses accruing as a result of a person being returned to this state by order of a court or the parole board shall be paid by the state as provided in section 548.241 or 548.243.~~**]**,; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Wright, **House Amendment No. 4** was adopted.

Representative Roberts offered **House Amendment No. 5**.

Thereafter, the members shall be appointed to serve four-year terms and shall serve until a successor is appointed. A vacancy in the office of a member shall be filled by appointment for the remainder of the unexpired term.

3. 4. The duties of the commission shall include:

(1) Monitoring and assisting the implementation of **[**~~sections 217.703,~~**] section** 217.718**[**~~,~~**]** and subsection 4 of section 559.036, and evaluating recidivism reductions, cost savings, and other effects resulting from the implementation;

(2) Determining ways to reinvest any cost savings to pay for the continued implementation of the sections listed in subdivision (1) of this subsection and other evidence-based practices for reducing recidivism; and

6. The commission shall issue a report to the speaker of the house of representatives, senate president pro tempore, chief justice of the Missouri supreme court, and governor on December 31, 2013, and annually thereafter,

detailing the effects of the sections listed in subdivision (1) of subsection 4 **of this section** and providing the data and analysis demonstrating those effects. The report may also recommend ways to reinvest any cost savings into evidence-based practices to reduce recidivism and possible changes to sentencing and corrections policies and statutes.

7. The department of corrections shall provide administrative support to the commission to carry out the duties of this section.

8. No member shall receive any compensation for the performance of official duties, but the members who are not otherwise reimbursed by their agency shall be reimbursed for travel and other expenses actually and necessarily incurred in the performance of their duties.

9. The provisions of this section shall automatically expire on August 28, 2018.

559.016. 1. Unless terminated as provided in section 559.036 **[**~~or modified under section 217.703~~**]**, the terms during which each probation shall remain conditional and be subject to revocation are:

(1) A term of years not less than one year and not to exceed five years for a felony;

(2) A term not less than six months and not to exceed two years for a misdemeanor;

(3) A term not less than six months and not to exceed one year for an infraction.

2. The court shall designate a specific term of probation at the time of sentencing or at the time of suspension of imposition of sentence. **[**~~Such term may be modified by the division of probation and parole under section 217.703.~~**]**

3. The court may extend a period of probation, however, no more than one extension of any probation may be ordered except that the court may extend the total time on probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of his or her probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension, shall not exceed the maximum term as established in subsection 1 of this section plus one additional year if the defendant admits or the court finds that the defendant has violated the conditions of his or her probation.

559.036. 1. A term of probation commences on the day it is imposed. Multiple terms of Missouri probation, whether imposed at the same time or at different times, shall run concurrently. Terms of probation shall also run concurrently with any federal or other state jail, prison, probation or parole term for another offense to which the defendant is or becomes subject during the period.

2. **(1)** The court may terminate a period of probation and discharge the defendant at any time before completion of the specific term fixed under section 559.016 if warranted by the conduct of the defendant and the ends of justice. The court may extend the term of the probation, but no more than one extension of any probation may be ordered except that the court may extend the term of probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension shall not exceed the maximum term established in section 559.016. Total time on any probation term shall not include time when the probation term is suspended under this section. Procedures for termination, discharge and extension may be established by rule of court.

(2) The division of probation and parole shall file a notification of earned discharge from probation with the court for any defendant who has completed at least twenty-four months of the probation term and is compliant as determined by the policies of the division of probation and parole with the terms of supervision as ordered by the court and division. The division shall not file a notification of earned discharge for any defendant who has not paid ordered restitution in full, is on a term of probation for any class A or class B felony, or is subject to lifetime supervision under sections 217.735 and 559.106. The division shall notify the prosecuting or circuit attorney when a notification of earned discharge is filed.

(3) The prosecuting or circuit attorney may request a hearing within thirty days of the filing of the notification of earned discharge from probation. If the state opposes the discharge of the defendant, the prosecuting or circuit attorney shall argue the earned discharge is not appropriate and the offender should continue to serve the probation term.

(4) If a hearing is requested, the court shall hold the hearing and issue its order no later than sixty days after the filing of the notification of earned discharge from probation. If, after a hearing, the court finds by a preponderance of the evidence that the earned discharge is not appropriate, the court shall order the probation term continue, may modify the conditions of probation as appropriate, and may order the continued supervision of the defendant by either the division of probation and parole or the court. If, after a hearing, the court finds that the earned discharge is appropriate, the court shall order the defendant discharged from probation.

(5) If the prosecuting or circuit attorney does not request a hearing, and the court does not otherwise order a hearing, the court shall order the defendant discharged from probation within sixty days of the filing of the notification of earned discharge from probation but no earlier than thirty days from the filing of notification of earned discharge from probation.

3. If the defendant violates a condition of probation at any time prior to the expiration or termination of the probation term, the court may continue him or her on the existing conditions, with or without modifying or enlarging the conditions or extending the term.

4. (1) Unless the defendant consents to the revocation of probation, if a continuation, modification, enlargement or extension is not appropriate under this section, the court shall order placement of the offender in a department of corrections' one hundred twenty-day program so long as:

(a) The underlying offense for the probation is a class D or E felony or an offense listed in chapter 579 or an offense previously listed in chapter 195; except that, the court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that an offender is not eligible if the underlying offense is involuntary manslaughter in the second degree, stalking in the first degree, assault in the second degree, sexual assault, rape in the second degree, domestic assault in the second degree, assault in the third degree when the victim is a special victim, statutory rape in the second degree, statutory sodomy in the second degree, deviate sexual assault, sodomy in the second degree, sexual misconduct involving a child, incest, endangering the welfare of a child in the first degree under subdivision (1) or (2) of subsection 1 of section 568.045, abuse of a child, invasion of privacy, any case in which the defendant is found guilty of a felony offense under chapter 571, or an offense of aggravated stalking or assault of a law enforcement officer in the second degree as such offenses existed prior to January 1, 2017;

(b) The probation violation is not the result of the defendant being an absconder or being found guilty of, pleading guilty to, or being arrested on suspicion of any felony, misdemeanor, or infraction. For purposes of this subsection, "absconder" shall mean an offender under supervision who has left such offender's place of residency without the permission of the offender's supervising officer for the purpose of avoiding supervision;

(c) The defendant has not violated any conditions of probation involving the possession or use of weapons, or a stay-away condition prohibiting the defendant from contacting a certain individual; and

(d) The defendant has not already been placed in one of the programs by the court for the same underlying offense or during the same probation term.

(2) Upon receiving the order, the department of corrections shall conduct an assessment of the offender and place such offender in either the one hundred twenty-day structured cognitive behavioral intervention program or the one hundred twenty-day institutional treatment program. The placement of the offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender. The program shall begin upon receipt of the offender by the department. The time between the court's order and receipt of the offender by the department shall not apply toward the program.

(3) Upon successful completion of a program under this subsection, as determined by the department, the division of probation and parole shall advise the sentencing court of the defendant's probationary release date thirty days prior to release. Once the defendant has successfully completed a program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.

(4) If the department determines the defendant has not successfully completed a one hundred twenty-day program under this section, the division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program. The defendant shall be released from the department within fifteen working days after the court is notified of the unsuccessful program exit, unless the court has issued a warrant in response to the unsuccessful program exit to facilitate the return of the defendant to the county of jurisdiction for further court proceedings. If a defendant is discharged as unsuccessful from a one hundred twenty-day program, the sentencing court may modify, enlarge, or revoke the defendant's probation based on the same incident of the violation.

(5) Time served in the program shall be credited as time served on any sentence imposed for the underlying offense.

5. If the defendant consents to the revocation of probation or if the defendant is not eligible under subsection 4 of this section for placement in a program and a continuation, modification, enlargement, or extension of the term under this section is not appropriate, the court may revoke probation and order that any sentence previously imposed be executed. If imposition of sentence was suspended, the court may revoke probation and impose any sentence available under section 557.011. The court may mitigate any sentence of imprisonment by reducing the prison or jail term by all or part of the time the defendant was on probation. The court may, upon

revocation of probation, place an offender on a second term of probation. Such probation shall be for a term of probation as provided by section 559.016, notwithstanding any amount of time served by the offender on the first term of probation.

6. Probation shall not be revoked without giving the probationer notice and an opportunity to be heard on the issues of whether such probationer violated a condition of probation and, if a condition was violated, whether revocation is warranted under all the circumstances. Not less than five business days prior to the date set for a hearing on the violation, except for a good cause shown, the judge shall inform the probationer that he or she may have the right to request the appointment of counsel if the probationer is unable to retain counsel. If the probationer requests counsel, the judge shall determine whether counsel is necessary to protect the probationer's due process rights. If the judge determines that counsel is not necessary, the judge shall state the grounds for the decision in the record.

7. The prosecuting or circuit attorney may file a motion to revoke probation or at any time during the term of probation, the court may issue a notice to the probationer to appear to answer a charge of a violation, and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the probationer. The warrant shall authorize the return of the probationer to the custody of the court or to any suitable detention facility designated by the court. Upon the filing of the prosecutor's or circuit attorney's motion or on the court's own motion, the court may immediately enter an order suspending the period of probation and may order a warrant for the defendant's arrest. The probation shall remain suspended until the court rules on the prosecutor's or circuit attorney's motion, or until the court otherwise orders the probation reinstated. Notwithstanding any other provision of the law to the contrary, the probation term shall be tolled during the time period when the probation is suspended under this section. The court may grant the probationer credit on the probation term for any of the tolled period when reinstating the probation term.

8. The power of the court to revoke probation shall extend for the duration of the term of probation designated by the court and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration, provided that some affirmative manifestation of an intent to conduct a revocation hearing occurs prior to the expiration of the period and that every reasonable effort is made to notify the probationer and to conduct the hearing prior to the expiration of the period. If the delay of the hearing is attributable to the probationer's actions or the probationer otherwise consents or acquiesces to the delay, the court shall have been found to have made every reasonable effort to conduct the hearing within the probation term.

9. A defendant who was sentenced prior to January 1, 2017 to an offense that was eligible at the time of sentencing under paragraph (a) of subdivision (1) of subsection 4 of this section for the court ordered detention sanction shall continue to remain eligible for the sanction so long as the defendant meets all the other requirements provided under subsection 4 of this section."; and

Further amend said bill, Page 5, Section 595.209, Line 146, by inserting after all of said section and line the following:

"[~~217.703. 1. The division of probation and parole shall award earned compliance credits to any offender who is:~~

~~(1) Not subject to lifetime supervision under sections 217.735 and 559.106 or otherwise found to be ineligible to earn credits by a court pursuant to subsection 2 of this section;~~

~~(2) On probation, parole, or conditional release for an offense listed in chapter 579, or an offense previously listed in chapter 195, or for a class D or E felony, excluding sections 565.225, 565.252, 566.031, 566.061, 566.083, 566.093, 568.020, 568.060, offenses defined as sexual assault under section 589.015, deviate sexual assault, assault in the second degree under subdivision (2) of subsection 1 of section 565.052, endangering the welfare of a child in the first degree under subdivision (2) of subsection 1 of section 568.045, and any offense of aggravated stalking or assault in the second degree under subdivision (2) of subsection 1 of section 565.060 as such offenses existed prior to January 1, 2017;~~

~~(3) Supervised by the division of probation and parole; and~~

~~(4) In compliance with the conditions of supervision imposed by the sentencing court or board.~~

~~2. If an offender was placed on probation, parole, or conditional release for an offense of:~~

~~(1) Involuntary manslaughter in the second degree;~~

~~(2) Assault in the second degree except under subdivision (2) of subsection 1 of section 565.052 or section 565.060 as it existed prior to January 1, 2017;~~

~~(3) Domestic assault in the second degree;~~

~~(4) Assault in the third degree when the victim is a special victim or assault of a law enforcement officer in the second degree as it existed prior to January 1, 2017;~~

~~(5) Statutory rape in the second degree;~~

~~(6) Statutory sodomy in the second degree;~~

~~(7) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or~~

~~(8) Any case in which the defendant is found guilty of a felony offense under chapter 571;~~

~~the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section or at a hearing under subsection 5 of this section. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.~~

~~3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.~~

~~4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report or notice of citation submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.~~

~~5. Credits shall not accrue during any calendar month in which a violation report, which may include a report of absconder status, has been submitted, the offender is in custody, or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held, or if a hearing is held and the offender is continued under supervision, or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. If a hearing is held, all earned credits shall be rescinded if:~~

~~(1) The court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036; or~~

~~(2) The offender is found by the court or board to be ineligible to earn compliance credits because the nature and circumstances of the violation indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender.~~

~~Earned credits, if not rescinded, shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.~~

~~6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision whose whereabouts are unknown and who has left such offender's place of residency without the permission of the offender's supervising officer and without notifying of their whereabouts for the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.~~

~~7. Notwithstanding subsection 2 of section 217.730 to the contrary, once the combination of time served in custody, if applicable, time served on probation, parole, or conditional release, and earned compliance credits satisfy the total term of probation, parole, or conditional release, the board or sentencing court shall order final discharge of the offender, so long as the offender has completed restitution and at least two years of his or her probation, parole, or conditional release, which shall include any time served in custody under section 217.718 and sections 559.036 and 559.115.~~

~~8. The award or rescission of any credits earned under this section shall not be subject to appeal or any motion for postconviction relief.~~

~~9. At least twice a year, the division shall calculate the number of months the offender has remaining on his or her term of probation, parole, or conditional release, taking into consideration any earned compliance credits, and notify the offender of the length of the remaining term.~~

~~10. No less than sixty days before the date of final discharge, the division shall notify the sentencing court, the board, and, for probation cases, the circuit or prosecuting attorney of the impending discharge. If the sentencing court, the board, or the circuit or prosecuting attorney upon receiving such notice does not take any action under subsection 5 of this section, the offender shall be discharged under subsection 7 of this section.~~

~~11. Any offender who was sentenced prior to January 1, 2017, to an offense that was eligible for earned compliance credits under subsection 1 or 2 of this section at the time of sentencing shall continue to remain eligible for earned compliance credits so long as the offender meets all the other requirements provided under this section.~~

~~12. The application of earned compliance credits shall be suspended upon entry into a treatment court, as described in sections 478.001 to 478.009, and shall remain suspended until the offender is discharged from such treatment court. Upon successful completion of treatment court, all earned compliance credits accumulated during the suspension period shall be retroactively applied, so long as the other terms and conditions of probation have been successfully completed.~~**]**"; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-SIXTH DAY, THURSDAY, MARCH 30, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Holy Father, protect by the power of Thy name those whom Thou hast given Me, that they may be one."
(I Corinthians 16:13)

Almighty and Eternal God, we come to You in earnest prayer that You will keep our show me state under Your divine protection, that You will lead our citizens to live by the laws of our land, and that You will help our people to cultivate a spirit of unity that they may learn to communicate together in peace and without fear.

We cannot all always be of the same mind, nor can we think alike, but we pray and hope that You will make us one in our loyalty to our state and one in our search for justice and peace.

Deliver us from pride or revenge, and from every evil way. By the might of Your spirit within us, may we show forth in our lives the positive fruit of our faith and the awesome power of our principles. Bless our Cardinals and Royals this season, and let us remember that it is good to walk both with the Lord and with the bases loaded!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Mitchell Riley.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-SEVENTH DAY, MONDAY, APRIL 3, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Steve Butz.

Dear Heavenly Father,

As we gather this afternoon in this chamber to begin a new week of work for the people we serve, we are reminded of Jesus' words. "If anyone wishes to be great, let them be the servant of all."

Humbled by those words and conscious of our own shortcomings we ask You to send Your blessing upon each of us gathered here. If we are proud, humble us. If we are tired, refresh us. If we are discouraged, renew our hope. If we are filled with joy, may we share it with those around us.

Take our shortcomings and failures and change our hearts so that we may see clearly, work effectively and love fully those we are called to serve.

May our voices echo the Benediction: Praise God from whom all blessings flow. Praise Him all creatures here below. Praise Him above ye heavenly host. Praise Father, Son and Holy Ghost.

And the House said, Amen!

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-sixth day was approved as printed.

"227.299. 1. Except as provided in subsection 7 of this section, an organization or person that seeks a bridge or highway designation on the state highway system to honor an event, place, organization, or person who has been deceased for more than two years shall petition the department of transportation by submitting the following:

(1) An application in a form prescribed by the director, describing the bridge or segment of highway for which designation is sought and the proposed name of the bridge or relevant portion of highway. The application shall include the name of at least one current member of the general assembly who will sponsor the bridge or highway designation. The application may contain written testimony for support of the bridge or highway designation;

(2) A list of at least one hundred signatures of individuals who support the naming of the bridge or highway; and

(3) A fee to be determined by the commission to cover the costs of constructing and maintaining the proposed signs. The fee shall not exceed the cost of constructing and maintaining each sign.

2. All moneys received by the department of transportation for the construction and maintenance of bridge or highway signs on the state highway system shall be deposited in the state treasury to the credit of the state road fund.

3. The documents and fees required under this section shall be submitted to the department of transportation no later than November first prior to the next regular session of the general assembly to be approved or denied by the joint committee on transportation oversight during such legislative session.

4. The department of transportation shall give notice of any proposed bridge or highway designation on the state highway system in a manner reasonably calculated to advise the public of such proposal. Reasonable notice shall include posting the proposal for the designation on the department's official public website, and making available copies of the sign designation application to any representative of the news media or public upon request and posting the application on a bulletin board or other prominent public place which is easily accessible to the public and clearly designated for that purpose at the principal office.

5. If the memorial highway designation requested by the organization is not approved by the joint committee on transportation oversight, ninety-seven percent of the application fee shall be refunded to the requesting organization.

9. Any highway signs erected for any bridge or highway designation on the state highway system under the provisions of this section shall be erected and maintained for a twenty-year period. After such period, the signs shall be subject to removal by the department of transportation and the bridge or highway may be designated to honor events, places, organizations, or persons other than the current designee. An existing highway or bridge designation processed under the provisions of this section may be retained for additional twenty-year increments if, at least one year before the designation's expiration, an application to the department of transportation is made to retain the designation along with the required documents and all applicable fees required under this section.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-EIGHTH DAY, TUESDAY, APRIL 4, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Jamie Gragg.

Father, we come to You from many different places this morning. Some of us are full of energy and ready to take on the day. Others are tired and ready to go home. Some are overloaded and stressed while others, with childlike curiosity, may be looking forward to what comes next. Whether we are torn, beaten down, weary, frustrated, or even still excited for the opportunity we have been given here, we know You are with us. Like the great Father You are, You desire us to come to You, and right now I come to You and ask for Your hands to cover this building, this chamber and each and every heart. We still have six long weeks left and the people of this great state are counting on us. We cannot do it alone. We need You as our guide.

God, not our will, but Your will be done. That is what we need, and this is what we want. Give us Your will, nothing more, nothing less, nothing else.

And all God's people said, Amen!

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Lincoln Samuel Buxton.

The Journal of the forty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-NINTH DAY, WEDNESDAY, APRIL 5, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"You will see Me and find Me; when you seek Me with all your heart." (Jeremiah 29:13)

O Lord, our God, who is constantly calling upon us to walk in Your ways, to know Your truth and live Your life, grant that the spirit of our prayer this morning may be acceptable to You and our hearts be in harmony with Your holy will.

Help us to carefully consider our pilgrimage upon this earth, to measure the deeds of the past by our devotion to the present and our dedication for the future. When we think of what we could have done had we given ourselves wholly to You, we feel humble and are heartily sorry for our misdoings and miscalculations.

In reverence we come to You again and lay our supplications before You. Help us to right the wrongs we have done to others and give us grace to forgive those who wrong us. Enlighten our minds with truth, enlarge our hearts with love and enlist us in the struggle for cooperation and understanding in our state of Missouri.

Today, may our prayer fly to You on eagle's wings!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kaydence Rose Henry, Charlie Tvrdy, Luke Tvrdy, Davey Tvrdy, Haydn Fong, Connor Hinkle, Charles Jackson, Jackson Lamb, Brady Legenza, Reid Shaffer, Arlo Spallo, Terrence Baldwin, Theodore Boesen, Sullivan Caldwell, Benjamin Curry, Frederick Dreiling, George Ebberts.

The Journal of the forty-eighth day was approved as printed.

Which motion was adopted.

PERFECTION OF HOUSE BILLS

HB 102, **HCS HB 188**, **HB 212**, **HCS HB 271**, **HB 436**, **HCS HB 714**, **HB 999**, **HB 349** and **HCS HB 88** were placed on the Informal Calendar.

HCS HBs 119, 372, 382, 420, 550 & 693, relating to offenders in custody, was taken up by Representative Perkins.

On motion of Representative Perkins, the title of **HCS HBs 119, 372, 382, 420, 550 & 693** was agreed to.

Representative Bosley offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 8, Section 221.108, Line 9, by inserting after said section and line the following:

"506.400. 1. As used in this section, "claimant" means a person convicted and subsequently imprisoned for one or more offenses that such person did not commit.

2. (1) The claimant shall establish the following by a preponderance of evidence:

(a) The claimant was convicted of a felony offense and subsequently imprisoned;

(b) The claimant's judgment of conviction was reversed or vacated and either the charges were dismissed or on retrial the claimant was found to be not guilty;

(c) The claimant did not commit the offense or offenses for which the claimant was convicted and was not an accessory or accomplice to the acts that were the basis of the conviction and resulted in a reversal or vacation of the judgment of conviction, dismissal of the charges, or finding of not guilty on retrial; and

(d) The claimant did not commit or suborn perjury, fabricate evidence, or by the claimant's own conduct cause or bring about the conviction. Neither a confession or admission later found to be false nor a guilty plea shall constitute committing or suborning perjury, fabricating evidence, or causing or bringing about the conviction under this subsection.

(2) The court, in exercising its discretion as permitted by law regarding the weight and admissibility of evidence submitted under this section, may, in the interest of justice, give due consideration to difficulties of proof caused by the passage of time, the death or unavailability of witnesses, the destruction of evidence, or other factors not caused by such persons or those acting on their behalf.

3. If the court finds that the claimant is wrongfully convicted, it shall enter a certificate of innocence finding that the claimant was innocent of all offenses for which the claimant was mistakenly convicted. The clerk of the court shall send a certified copy of the certificate of innocence and the judgment entry to the attorney general for payment under section 105.711.

4. Upon entry of a certificate of innocence, the claimant shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records or recordations of his or her arrest, plea, trial, or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea, or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever, and no such inquiry shall be made for information relating to an expungement under this subsection.

5. Upon entry of a certificate of innocence, the court shall order the expungement and destruction of the associated biological samples authorized by and given to the Missouri state highway patrol. The order shall state the information required to be stated in a petition to expunge and destroy the samples and profile

record and shall direct the Missouri state highway patrol to expunge and destroy such samples and profile record. The clerk of the court shall send a certified copy of the order to the Missouri state highway patrol, which shall carry out the order and provide confirmation of such action to the court. Nothing in this subsection shall require the Missouri state highway patrol to expunge and destroy any sample or profile record associated with the claimant that must be retained by state statute.

6. The decision to grant or deny a certificate of innocence shall not have a res judicata effect on any other proceedings."; and

Further amend said bill, Page 16, Section 589.565, Line 19, by inserting after said section and line the following:

"**Section 1. 1. For purposes of this section, the term "exoneree" means a person who was convicted of an offense and later officially declared innocent of that offense or relieved of all legal consequences of the conviction because evidence of innocence that was not presented at trial required reconsideration of the case.**

2. The department of corrections shall develop a policy and procedures outlining for exonerees how to obtain a birth certificate, Social Security card, and state identification prior to release from a correctional center. The policy shall be made available to all exonerees, regardless of the method by which an exoneree was exonerated. If an exoneree does not have access to his or her birth certificate, Social Security card, or state identification upon release, the department shall assist such exoneree in obtaining the documents prior to release.

3. The department shall be required to provide an exoneree, upon his or her release from a correctional facility, with the same services the department is required to provide an offender upon release from a correctional facility."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bosley, **House Amendment No. 1** was adopted.

Representative Anderson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 5, Section 217.670, Line 28, by inserting after all of said line and section the following:

"217.690. 1. All releases or paroles shall issue upon order of the parole board, duly adopted.

2. Before ordering the parole of any offender, the parole board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the parole board. The parole board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the parole board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the parole board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. **No such fee shall be levied or accrue for the first sixty days the offender is on parole or conditional release.** All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The

fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The division of probation and parole shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The parole board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the parole board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

16. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Anderson, **House Amendment No. 2** was adopted.

Representative Dinkins offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 8, Section 221.108, Line 9, by inserting after all of said section and line the following:

"334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except **as specified in this paragraph. The following provisions shall apply with respect to this requirement:**

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210 **(42 U.S.C. Section 1395x, as amended)**, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic**[**~~.~~**]; and**

c. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010.** Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(8) All participants receiving family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;

(9) All persons who were participants receiving old age assistance benefits, aid to the permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who continue to meet the eligibility requirements, except income, for these assistance categories, but who are no longer receiving such benefits because of the implementation of Title XVI of the federal Social Security Act, as amended;

(10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

(11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) (42 U.S.C. The family support division shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the family support division shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide MO HealthNet coverage under this subdivision, the department of social services may revise the state MO HealthNet plan to extend coverage under 42 U.S.C. Section 1396a(a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. (17) A child born to a woman eligible for and receiving MO HealthNet benefits under this section on the date of the child's birth shall be deemed to have applied for MO HealthNet benefits and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. Pregnant women receiving mental health treatment for postpartum depression or related mental health conditions within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for mental health services for the treatment of postpartum depression and related mental health conditions for up to twelve additional months. Pregnant women receiving substance abuse treatment within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for substance abuse treatment and mental health services for the treatment of substance abuse for no more than twelve additional months, as long as the woman remains adherent with treatment. The department of mental health and the department of social services shall seek any necessary waivers or state plan amendments from the Centers for Medicare and Medicaid Services and shall develop rules relating to treatment plan adherence. No later than fifteen months after receiving any necessary waiver, the department of mental health and the department of social services shall report to the house of representatives budget committee and the senate appropriations committee on the compliance with federal cost neutrality requirements;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the responsibility of the state of Missouri on the date such persons attained the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, or persons who received foster care for at least six months in another state, are residing in Missouri, and are at least eighteen years of age, without regard to income or assets, if such persons:

(a) Are under twenty-six years of age;

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care;

(27) Any homeless child or homeless youth, as those terms are defined in section 167.020, subject to approval of a state plan amendment by the Centers for Medicare and Medicaid Services**;**

(28) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on the effective date of this act, pregnant women who are eligible for, have applied for, and have received MO HealthNet benefits under subdivision (2), (10), (11), or (12) of this subsection shall be eligible for medical assistance during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1396a(e)(16). The department shall submit a state plan amendment to the Centers for Medicare and Medicaid Services when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (2) of subsection 6 of section 208.662, as determined by the department, by at least one hundred individuals;

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1396a(e)(16), as amended, or any successor statutes or implementing regulations, is in effect.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as

provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service.

208.186. The state shall not provide payments, add-ons, or reimbursements to health care providers through MO HealthNet for medical assistance services provided to persons who do not reside in this state, as determined under 42 CFR 435.403, or any amendments or successor regulations thereto.

208.239. The department of social services shall resume annual MO HealthNet eligibility redeterminations, renewals, and postenrollment verifications no later than thirty days after the effective date of this act."; and

Further amend said bill, Page 6, Section 208.247, Line 42, by inserting after all of said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent

modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. **(1)** Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on the effective date of this act, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as determined by the department, by at least one hundred individuals.

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTIETH DAY, THURSDAY, APRIL 6, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Let us draw near with a true heart in full assurance of faith." (Hebrews 10:22)

O God of ancient days, who is pouring Your spirit into the hearts of people seeking to bring justice and peace to our world, may we, with open minds and receptive hearts, receive Your spirit and, with You, strive to make understanding of each other a reality in our day.

Give us grace to take to heart the dangers involved in our unhappy divisions and our unhallowed differences. Remove from us all that hurts our unity of spirit and all that hinders our forward march together. Rekindle in us the fire of Your redeeming love, strengthen us by Your power and draw us closer to one another.

To You and to our state, we consecrate the work to this day in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as printed.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 88, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"331.020. **1.** Whenever in this chapter occurs the word "board", or "the board", such words shall be construed to mean the state board of chiropractic examiners.

2. For the purposes of this chapter the following terms mean:

(1) "Animal chiropractic", the examination and treatment of an animal through vertebral subluxation complex or spinal, joint, or musculoskeletal manipulation by an animal chiropractic practitioner. The term "animal chiropractic" shall not be construed to require supervision by a licensed veterinarian to practice or to allow the diagnosing of an animal; the performing of surgery; the dispensing, prescribing, or administering of medications, drugs, or biologics; or the performance of any other type of veterinary medicine when performed by an individual licensed by the state board of chiropractic examiners;

(2) "Animal chiropractic practitioner":

(a) A licensed veterinarian; or

(b) An individual who is licensed by the state board of chiropractic examiners to engage in the practice of chiropractic, as defined in section 331.010; who is certified by the AVCA or IVCA, as defined in section 340.200, or other equivalent certifying body; who has graduated from a certification course in animal chiropractic with not less than two hundred ten hours of instruction; and whose practice of animal chiropractic shall be regulated by the state board of chiropractic examiners.

331.060. 1. The board may refuse to issue any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state, of the United States, or of any country, for any offense directly related to the duties and responsibilities of the occupation, as set forth in section 324.012, regardless of whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from school;

(8) Disciplinary action against the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state;

(9) A person is finally adjudged insane or incompetent by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by this chapter who is not registered and currently eligible to practice under this chapter;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated hereunder;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed. False, misleading or deceptive advertisements or solicitations shall include, but not be limited to:

(a) Promises of cure, relief from pain or other physical or mental condition, or improved physical or mental health;

(b) Any self-laudatory statement;

(c) Any misleading or deceptive statement offering or promising a free service. Nothing herein shall be construed to make it unlawful to offer a service for no charge if the offer is announced as part of a full disclosure of routine fees including consultation fees;

(d) Any misleading or deceptive claims of patient cure, relief or improved condition; superiority in service, treatment or materials; new or improved service, treatment or material, or reduced costs or greater savings. Nothing herein shall be construed to make it unlawful to use any such claim if it is readily verifiable by existing documentation, data or other substantial evidence. Any claim which exceeds or exaggerates the scope of its supporting documentation, data or evidence is misleading or deceptive;

(e) Failure to use the term "chiropractor", "doctor of chiropractic", "chiropractic physician", or "D.C." in any advertisement, solicitation, sign, letterhead, or any other method of addressing the public;

(f) Attempting to attract patronage in any manner which castigates, impugns, disparages, discredits or attacks other healing arts and sciences or other chiropractic physicians;

(17) Fails to maintain a chiropractic office in a safe and sanitary condition;

(18) Engaging in unprofessional or improper conduct in the practice of chiropractic;

(19) Administering or prescribing any drug or medicine or attempting to practice medicine, surgery, or osteopathy within the meaning of chapter 334;

(20) **Engaging in the practice of animal chiropractic without a patient referral from a licensed veterinarian with a current veterinarian-client-patient relationship;**

(21) Being unable to practice as a chiropractic physician with reasonable skill and safety to patients because of one of the following: professional incompetency; illness, drunkenness, or excessive use of drugs, narcotics, or chemicals; any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the chiropractor for the purpose of establishing his competency to practice as a chiropractic physician to submit to a reexamination, which shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the chiropractic physician's professional competence by at least three chiropractic physicians, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the chiropractic physician compelled to take the examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or certified mail. Failure of the chiropractic physician to submit to an examination when directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control. A chiropractic physician whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding under this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a chiropractic physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his application for a license; permanently withholding issuance of a license; administering a public or private reprimand; suspending or limiting or restricting his license to practice as a chiropractic physician for a period of not more than five years; revoking his license to practice as a chiropractic physician; requiring him to submit to the care, counseling or treatment of physicians designated by the chiropractic physician compelled to be treated. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) May suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate or permit.

4. If at any time after disciplinary sanctions have been imposed under this section or under any provision of this chapter, the licensee removes himself from the state of Missouri, ceases to be currently licensed under the provisions of this chapter, or fails to keep the Missouri state board of chiropractic examiners advised of his current place of business and residence, the time of his absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-FIRST DAY, TUESDAY, APRIL 11, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Travis Smith.

Oh God,

We thank You for this gathering of men and women today who seek to help those they serve. We ask that You would stretch out Your hand and have mercy upon us as elected officials, staff and all civil authorities. Help us keep our goals simple, birthing ideas or laws that will help keep our country safe, protect the weak, heal the broken, and encourage every person to their full potential. Give every leader a strong sense of their destiny, and remind them of their accountability not only to the ones they serve but always to You, Lord. Open our eyes to Your perspective for decision-making. May Your Word become truth and guide for all decisions, and may we look to You for the last word.

Please bless the Armed Forces and keep them safe. Let them know their bravery and honor is appreciated and our freedom cherished. Give courage and redemption to all who live and work in the State of Missouri and these great United States. Bless them, Lord, and keep them safe. Grant them hope and grant them peace. The grace which we embrace live, despite the pain and sorrow, is always a measure of all that has gone on before. Let us choose to live in joy.

And the House said, Amen!

The Pledge of Allegiance to the flag was recited.

The Journal of the fiftieth day was approved as corrected.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 894, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of this subsection, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(2) A tax equivalent to four percent of the amount paid for admission and seating accommodations, or fees paid to, or in any place of amusement, entertainment or recreation, games and athletic events, except amounts paid for any instructional class;

(3) A tax equivalent to four percent of the basic rate paid or charged on all sales of electricity or electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(4) (a) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(b) If local and long distance telecommunications services subject to tax under this subdivision are aggregated with and not separately stated from charges for telecommunications service or other services not subject to tax under this subdivision, including, but not limited to, interstate or international telecommunications services, then the charges for nontaxable services may be subject to taxation unless the telecommunications provider can identify by reasonable and verifiable standards such portion of the charges not subject to such tax from its books and records that are kept in the regular course of business, including, but not limited to, financial statement, general ledgers, invoice and billing systems and reports, and reports for regulatory tariffs and other regulatory matters;

(c) A telecommunications provider shall notify the director of revenue of its intention to utilize the standards described in paragraph (b) of this subdivision to determine the charges that are subject to sales tax under this subdivision. Such notification shall be in writing and shall meet standardized criteria established by the department regarding the form and format of such notice;

(d) The director of revenue may promulgate and enforce reasonable rules and regulations for the administration and enforcement of the provisions of this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public. The tax imposed under this subdivision shall not apply to any automatic mandatory gratuity for a large group imposed by a restaurant when such gratuity is reported as employee tip income and the restaurant withholds income tax under section 143.191 on such gratuity;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in section **144.070 or** 144.440.

2. All tickets sold which are sold under the provisions of this chapter which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax.".

144.070. 1. At the time the owner of any new or used motor vehicle, trailer, boat, or outboard motor which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title and the registration of the motor vehicle, trailer, boat, or outboard motor as otherwise provided by law, the owner shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged

to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new or used motor vehicle, trailer, boat, or outboard motor subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510 has been paid as provided in this section or is registered under the provisions of subsection 5 of this section.

2. As used in subsection 1 of this section, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisement by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing or rental company and pay an annual fee of two hundred fifty dollars for such authority. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a registered fleet owner as described in subsections 6 to 10 of section 301.032 shall furnish with the application to operate as a registered fleet owner a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the registered fleet owner complying with the provisions of any statutes applicable to registered fleet owners, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the registered fleet owner license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

(1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;

(2) Is authorized to do business in Missouri;

(3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;

(4) Has registered under the fictitious name provisions of sections 417.200 to 417.230 each of its divisions doing business in Missouri as a leasing company; and

(5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions

of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers **[**~~may~~**] shall** apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

11. (1) Every motor vehicle dealer licensed under section 301.560, as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the Motor Vehicle Administration Technology Fund as created in section 301.558, shall collect and remit the sales tax required under this section on all motor vehicles that such dealer sells. In collecting and remitting this sales tax, motor vehicle dealers shall be subject to all applicable provisions under sections 144.010 to 144.527.

(2) The director of revenue may promulgate all necessary rules and regulations for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void."; and

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Subject to appropriation, up to twenty visits per year for services limited to examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned articulations and structures of the body provided by licensed chiropractic physicians practicing within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(9) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(10) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions or any abortifacient drug or device that is used for the purpose of inducing an abortion unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(14) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time.

Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

15. There shall be no payments made under this section for gender transition surgeries, cross-sex hormones, or puberty-blocking drugs, as such terms are defined in section 191.1720, for the purpose of a gender transition.

217.230. The director shall arrange for necessary health care services for offenders confined in correctional centers**, which shall not include any gender transition surgery, as defined in section 191.1720**.

221.120. 1. If any prisoner confined in the county jail is sick and in the judgment of the jailer, requires the attention of a physician, dental care, or medicine, the jailer shall procure the necessary medicine, dental care or medical attention necessary or proper to maintain the health of the prisoner**; provided, that this shall not include any gender transition surgery, as defined in section 191.1720**. The costs of such medicine, dental care, or medical attention shall be paid by the prisoner through any health insurance policy as defined in subsection 3 of this section, from which the prisoner is eligible to receive benefits. If the prisoner is not eligible for such health insurance benefits then the prisoner shall be liable for the payment of such medical attention, dental care, or medicine, and the assets of such prisoner may be subject to levy and execution under court order to satisfy such expenses in accordance with the provisions of section 221.070, and any other applicable law. The county commission of the county may at times authorize payment of certain medical costs that the county commission determines to be necessary and reasonable. As used in this section, the term "medical costs" includes the actual costs of medicine, dental care or other medical attention and necessary costs associated with such medical care such as transportation, guards and inpatient care.

2. The county commission may, in their discretion, employ a physician by the year, to attend such prisoners, and make such reasonable charge for his service and medicine, when required, to be taxed and collected as provided by law.

3. As used in this section, the following terms mean:

(1) "Assets", property, tangible or intangible, real or personal, belonging to or due a prisoner or a former prisoner, including income or payments to such prisoner from Social Security, workers' compensation, veterans' compensation, pension benefits, previously earned salary or wages, bonuses, annuities, retirement benefits, compensation paid to the prisoner per work or services performed while a prisoner or from any other source whatsoever, including any of the following:

Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

6. (1) Before an application for a Missouri lifetime or extended concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification. No biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a Missouri lifetime or extended concealed carry permit. Upon receipt of the completed report from the National Instant Criminal Background Check System, the sheriff shall examine the results and, if no disqualifying information is identified, shall issue a Missouri lifetime or extended concealed carry permit within three working days.

(2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a Missouri lifetime or extended concealed carry permit issued under this section, provided that it shall not serve as an alternative to a national instant criminal background check required by 18 U.S.C. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be prescribed in a manner consistent to the denial and review of an application under subsection 7 of this section.

7. The sheriff may refuse to approve an application for a Missouri lifetime or extended concealed carry permit if he or she determines that any of the requirements specified in subsection 3 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.205 to 571.230. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial under section 571.220. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial under section 571.220.

8. If the application is approved, the sheriff shall issue a Missouri lifetime or extended concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the Missouri lifetime or extended concealed carry permit in the presence of the sheriff or his or her designee.

9. The Missouri lifetime or extended concealed carry permit shall specify only the following information:

(1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;

The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

10. (1) The sheriff shall keep a record of all applications for a Missouri lifetime or extended concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year.

(2) The sheriff shall report the issuance of a Missouri lifetime or extended concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.205 to 571.230. An applicant's status as a holder of a Missouri lifetime or extended concealed carry permit or provisional permit shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

11. Information regarding any holder of a Missouri lifetime or extended concealed carry permit is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof.

12. For processing an application, the sheriff in each county shall charge a nonrefundable fee not to exceed:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-SECOND DAY, WEDNESDAY, APRIL 12, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"I urge that supplications, prayers, intercessions, and thanksgivings be made for all men." (I Timothy 2:1)

O Almighty God, our heavenly guide, we seek to extend our knowledge and cultivate justice for our citizens here in the People's House on this beautiful morning.

Make plain Your path, help us to see it clearly, and then give us courage to walk in it knowing You are with us all the way today and forever.

In these stressful hours, save us from the hot foolishness and from the cold fear which would make it unable for any activity on our part. May Your spirit live in us, and in so doing, lead us to a life together where all may live with dignity, self-respect, and understanding.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

"301.3175. 1. Any vehicle owner may apply for "Back the Blue" license plates for any motor vehicle the person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight. Upon making a ten dollar contribution to the Missouri Law Enforcement Memorial Foundation, the vehicle owner may apply for the "Back the Blue" plate. If the contribution is made directly to the Missouri Law Enforcement Memorial Foundation, the foundation shall issue the individual making the contribution a receipt, verifying the contribution, that may be used to apply for the "Back the Blue" license plate. If the contribution is made directly to the director of revenue pursuant to section 301.3031, the director shall note the contribution and the owner may then apply for the "Back the Blue" plate. The applicant for such plate shall pay a fifteen dollar fee in addition to the regular registration fees and present any other documentation required by law for each set of "Back the Blue" plates issued pursuant to this section. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates issued pursuant to this section. **Notwithstanding any provision of law to the contrary, the department of revenue shall issue the license plate or plates, as authorized in this section, for nonapportioned vehicles of any classification for which it issues a license plate or plates.**

2. The "Back the Blue" plate shall bear the emblem of a thin blue line encompassed in black as prescribed by the director of revenue and shall have the words "BACK THE BLUE". Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

[~~2.~~**] 3.** The director of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void."; and

"494.430. 1. Upon timely application to the court, the following persons shall be excused from service as a petit or grand juror:

(1) Any person who has served on a state or federal petit or grand jury within the preceding two years;

(2) Any nursing mother, upon her request, and with a completed written statement from her physician to the court certifying she is a nursing mother;

(3) Any person whose absence from his or her regular place of employment would, in the judgment of the court, tend materially and adversely to affect the public safety, health, welfare or interest;

(4) Any person upon whom service as a juror would in the judgment of the court impose an undue or extreme physical or financial hardship;

(5) Any person licensed as a health care provider as such term is defined in section 538.205, but only if such person provides a written statement to the court certifying that he or she is actually providing health care services to patients, and that the person's service as a juror would be detrimental to the health of the person's patients;

(6) Any employee of a religious institution whose religious obligations or constraints prohibit their serving on a jury. The certification of the employment and obligation or constraint may be provided by the employee's religious supervisor;

(7) **When requested,** any person who is **[**~~seventy-five~~**] seventy** years of age or older.

2. A judge of the court for which the individual was called to jury service shall make undue or extreme physical or financial hardship determinations. The authority to make these determinations is delegable only to court officials or personnel who are authorized by the laws of this state to function as members of the judiciary.

3. A person asking to be excused based on a finding of undue or extreme physical or financial hardship must take all actions necessary to have obtained a ruling on that request by no later than the date on which the individual is scheduled to appear for jury duty.

4. Unless it is apparent to the court that the physical hardship would significantly impair the person's ability to serve as a juror, for purposes of sections 494.400 to 494.460 undue or extreme physical or financial hardship is limited to circumstances in which an individual would:

(1) Be required to abandon a person under his or her personal care or supervision due to the impossibility of obtaining an appropriate substitute caregiver during the period of participation in the jury pool or on the jury; or

(2) Incur costs that would have a substantial adverse impact on the payment of the individual's necessary daily living expenses or on those for whom he or she provides the principal means of support; or

(3) Suffer physical hardship that would result in illness or disease.

5. Undue or extreme physical or financial hardship does not exist solely based on the fact that a prospective juror will be required to be absent from his or her place of employment.

6. A person asking a judge to grant an excuse based on undue or extreme physical or financial hardship shall provide the judge with documentation as required by the judge, such as, but not limited to, federal and state income tax returns, medical statements from licensed physicians, proof of dependency or guardianship, and similar documents, which the judge finds to clearly support the request to be excused. Failure to provide satisfactory documentation shall result in a denial of the request to be excused. Such documents shall be filed under seal.

7. After two years, a person excused from jury service shall become eligible once again for qualification as a juror unless the person was excused from service permanently. A person is excused from jury service permanently only when the deciding judge determines that the underlying grounds for being excused are of a permanent nature."; and

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(8) **[**~~Between July 1, 2001, and July 1, 2014,~~**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is **[**~~thirty-one~~**] thirty-two** years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living

increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work for

an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn**, beginning on August 28, 2023, and ending on June 30, 2028,** up to **[**~~sixty percent of the minimum teacher's salary as set forth in section 163.172~~**] one hundred thirty-three percent of the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, and, after June 30, 2028, up to the annual earnings exemption amount applicable to a Social Security retirement recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430**, without a discontinuance of the person's retirement allowance **from the retirement system. The Social Security annual earnings exemption amount applied shall be the exemption amount in effect for the calendar year in which the school year begins**. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. The provisions of this subsection shall not apply to any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141 employed by a public community college **or employer under subsection 4 of section 169.130**.

169.596. 1. Notwithstanding any other provision of this chapter to the contrary, a retired certificated teacher receiving a retirement benefit from the retirement system established pursuant to sections 169.010 to 169.141 may, without losing his or her retirement benefit, teach full time for up to **[**~~two~~**] four** years for a school district covered by such retirement system; provided that the school district has a shortage of certified teachers, as determined by the school district, and provided that no such retired certificated teacher shall be employed as a superintendent. The total number of such retired noncertificated employees shall not exceed, at any one time, the lesser of ten percent of the total noncertificated staff for that school district, or five employees.

3. The employer's contribution rate shall be paid by the hiring school district.

4. In order to hire teachers and noncertificated employees pursuant to the provisions of this section, the school district shall:

AMEND House Committee Substitute for House Bill No. 155, Page 1, Section A, Line 3, by inserting after said section and line the following:

"86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**~~or, if applicable, subsection 6 of this section~~**]**.

If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until **[**~~the earlier of~~**]** the person's death **[**~~or remarriage~~**]**, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.366, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of the retired member's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any surviving spouse pursuant to sections 86.200 to 86.366, each present and future surviving spouse of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the surviving spouse's life **[**~~or until the surviving spouse remarries, whichever is earlier~~**]**, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

4. For the performance of duties required in subsection 3 of this section, each surviving spouse of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the surviving spouse is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.

86.280. Upon the receipt of proper proofs of the death of a member in service and provided no other benefits are payable under the retirement system, there shall be paid the following benefits:

The additional monthly compensation payable to a surviving spouse pursuant to this subdivision shall be adjusted for any cost-of-living increases that apply, pursuant to subdivision (8) of this section, to the benefit the surviving spouse was receiving prior to October 1, 1999;

(3) If no surviving spouse benefits are payable pursuant to subdivisions (1) and (2) of this section, such total pension as would have been paid pursuant to subdivisions (1) and (2) of this section had there been a surviving spouse shall be divided among the unmarried dependent children under age eighteen and such unmarried dependent children, regardless of age, who are totally and permanently mentally or physically disabled and incapacitated from engaging in a gainful occupation sufficient to support themselves. The benefit shall be divided equally among the eligible dependent children, and the share of a child who is no longer eligible shall be divided equally among the remaining eligible dependent children; provided that not more than one-half of the surviving spouse's benefit shall be paid for one child;

(8) The benefits payable pursuant to this section to the surviving spouse of a member who died in service after attaining the age of fifty-five or completing twenty years of creditable service shall be increased in the same percentages and pursuant to the same method as is provided in section 86.253 for adjustments in the service retirement allowance of a retired member**;**

(9) In the event a surviving spouse receiving death benefits as a result of a prior marriage to a deceased member subsequently remarries another member who also predeceases the surviving spouse, the surviving spouse shall receive a single death benefit pension, which, upon application to the board of trustees, shall be computed under subdivision (1) of this section using the highest of the average final compensations of the deceased members to which the surviving spouse was previously married;

(10) Beginning on August 28, 2023, any surviving spouse that had, prior to August 28, 2023, become ineligible for benefits under subdivisions (1) and (2) of this section as a result of remarrying shall, upon application to the board of trustees, have reinstated all future benefits under subdivisions (1) and (2) of this section. The additional monthly compensation payable to a surviving spouse pursuant to this subdivision shall be adjusted for any cost-of-living increases that apply to the benefit the surviving spouse was receiving prior to October 1, 1999;

(3) If no surviving spouse benefits are payable pursuant to subdivisions (1) and (2) of this section, such total pension as would have been paid pursuant to subdivisions (1) and (2) of this section had there been a surviving spouse, determined without regard to any increase which would have applied to the surviving spouse's benefits pursuant to subdivision (8) of this section, shall be divided among the unmarried dependent children under age eighteen and unmarried dependent children, regardless of age, who are totally and permanently mentally or physically disabled and incapacitated from engaging in a gainful occupation sufficient to support themselves. The benefit shall be divided equally among the eligible dependent children, and the share of a child who is no longer eligible shall be divided equally among the remaining eligible dependent children; provided that not more than one-half of the surviving spouse's benefits shall be paid for one child;

(4) No benefits pursuant to this section shall be paid to a child over eighteen years of age who is totally and permanently disabled if such child is a patient or resident of a public-supported institution, nor shall such benefits be paid unless such disability occurred prior to such child reaching the age of eighteen;

(5) Whenever any dependent child designated by the board of trustees to receive benefits pursuant to this section is in the care of the surviving spouse of the deceased member, such benefits may be paid to such surviving spouse for the child;

(6) In the event of the death of a retired member receiving accidental disability benefits before such benefits have been paid for five years, the member's surviving spouse until the surviving spouse dies **[**~~or remarries, whichever is earlier~~**]**, shall receive an additional pension of ten percent of the deceased member's final average compensation;

(7) Any benefit payable to, or for the benefit of, a child or children under the age of eighteen years pursuant to subdivisions (1) to (3) of this section shall continue to be paid beyond the age of eighteen years through the age of twenty-two years if the child is a full-time student at a regularly accredited college, business school, nursing school, school for technical or vocational training, or university, but such extended benefit shall cease whenever the child ceases to be a student. A college or university shall be deemed to be regularly accredited which maintains membership in good standing in a national or regional accrediting agency recognized by any state college or university;

(8) The benefits payable pursuant to this section to the surviving spouse of a retired member who received or was entitled to receive a service retirement allowance shall be increased in the same percentages and pursuant to the same method as is provided in section 86.253 for adjustments in the service retirement allowance of a retired member**;**

(9) In the event a surviving spouse receiving death benefits as a result of a prior marriage to a deceased member subsequently remarries another member who also predeceases the surviving spouse, the surviving spouse shall receive a single death benefit pension, which, upon application to the board of trustees, shall be computed under subdivision (1) of this section using the highest of the average final compensations of the deceased members to which the surviving spouse was previously married;

(10) Beginning on August 28, 2023, any surviving spouse that had, prior to August 28, 2023, become ineligible for benefits under subdivisions (1), (2), and (6) of this section as a result of remarrying shall, upon application to the board of trustees, have reinstated all future benefits under subdivisions (1), (2), and (6) of this section. Any such reinstatement shall be as to future benefits only and shall not be retroactive prior to August 28, 2023.

86.287. Upon the receipt by the board of trustees of evidence and proof that the death of a member was the natural and proximate result of an accident occurring at some definite time and place while the member was in the actual performance of duty and not caused by negligence on the part of the member, there shall be paid in lieu of the benefits pursuant to sections 86.280 to 86.283:

(1) Effective October 1, 1999, a pension to the surviving spouse until the surviving spouse dies **[**~~or remarries, whichever is earlier~~**]**, of seventy-five percent of the deceased member's average final compensation plus

fifteen percent of such compensation to, or for the benefit of, each unmarried dependent child of the deceased member, who is either under the age of eighteen, or who, regardless of age, is totally and permanently disabled and incapacitated from engaging in a gainful occupation sufficient to support himself or herself;

(2) Any surviving spouse or unmarried dependent child receiving benefits pursuant to this section immediately prior to October 1, 1999, shall upon application to the board of trustees be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters while the surviving spouse or unmarried dependent child is receiving such benefits, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required. Beginning October 1, 1999, for such services as may be required, a surviving spouse shall receive additional monthly compensation equal to the amount which when added to the benefits the surviving spouse was receiving pursuant to this section prior to October 1, 1999, will increase the surviving spouse's total monthly benefit payment pursuant to this section to seventy-five percent of the deceased member's average final compensation, and there shall be payable an additional monthly compensation of one hundred dollars or five percent of the member's average final compensation, whichever is greater, for each unmarried dependent child of the member;

(3) If no surviving spouse benefits are payable pursuant to subdivisions (1) and (2) of this section, such total pension as would have been paid pursuant to subdivisions (1) and (2) of this section had there been a surviving spouse shall be divided among the unmarried dependent children under age eighteen and such unmarried dependent children, regardless of age, who are totally and permanently disabled and incapacitated from engaging in a gainful occupation sufficient to support themselves. The benefit shall be divided equally among the eligible dependent children, and the share of a child who is no longer eligible shall be divided equally among the remaining eligible dependent children; provided that not more than one-half of the surviving spouse's benefit shall be paid for one child;

(4) If there is no surviving spouse or unmarried dependent children of either class mentioned in subdivision (3) of this section, then an amount equal to the surviving spouse's benefit shall be paid to the member's dependent father or dependent mother to continue until remarriage or death;

(5) No benefits pursuant to this section shall be paid to a child over eighteen years of age who is totally and permanently disabled if such child is a patient or resident of a public-supported institution, nor shall such benefits be paid unless such disability occurred prior to such child reaching the age of eighteen;

(6) Wherever any dependent child designated by the board of trustees to receive benefits pursuant to this section is in the care of the surviving spouse of the deceased member, such benefits may be paid to such surviving spouse for the child;

(7) Any benefit payable to, or for the benefit of, a child or children under the age of eighteen years pursuant to subdivisions (1) to (3) of this section shall continue to be paid beyond the age of eighteen years through the age of twenty-two years in those cases where the child is a full-time student at a regularly accredited college, business school, nursing school, school for technical or vocational training, or university, but such extended benefit shall cease whenever the child ceases to be a student. A college or university shall be deemed to be regularly accredited which maintains membership in good standing in a national or regional accrediting agency recognized by any state college or university**;**

One retiree shall be elected by the retired employees of the transportation department and one retiree shall be elected by the retired employees of the civilian or uniformed highway patrol. The retiree serving on the board on August 28, 2007, shall continue to serve on the board as the representative of the retired employees of the transportation department until June 30, 2010. An election shall be held prior to January 1, 2008, for the retiree to be elected by the retired employees of the civilian or uniformed highway patrol with said term to commence on January 1, 2008, and expire on June 30, 2010. Upon reemployment under subsection 1 of this section, the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees' retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system. Any future annual benefit increases paid after the member terminates such employment will be paid in the same month as the member's original annual benefit increases were paid. Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

104.1039. If a retiree is employed as an employee by a department, the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed **except, notwithstanding the provisions of section 105.684 to the contrary, those retirees serving as a member of the general assembly or as a statewide elected official under section 104.1084**. While reemployed the retiree shall be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section **except, notwithstanding the provisions of section 105.684 to the contrary, those retirees serving as a member of the general assembly or as a statewide elected official under section 104.1084**. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid."; and

Representative Hovis offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 155, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"57.952. **1.** There is hereby authorized a "Sheriffs' Retirement Fund" which shall be under the management of a board of directors described in section 57.958. The board of directors shall be responsible for the administration and the investment of the funds of such sheriffs' retirement fund. **[**~~Neither~~**]** The general assembly **[**~~nor~~**] and** the governing body of a county **[**~~shall~~**] may** appropriate funds for deposit in the sheriffs' retirement fund. If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs' retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs' retirement fund.

57.961. 1. On and after the effective date of the establishment of the system, as an incident to his **or her** employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member's pay to the retirement system. Such contribution shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a member's compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from

whose compensation the contributions were deducted. The contributions so deducted shall be treated as employee contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions deducted and paid into the system by the county shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the retirement system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

[~~2.~~**] 7.** Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 except for the provisions of section 57.955. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable service of the retired member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. **Such annuity shall be not less than one thousand dollars per month.**

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to **[**~~section~~**] sections 57.952 and** 57.955. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime.

57.991. **1. For members of the system prior to December 31, 2023,** the benefits provided for by sections 57.949 to 57.997 shall in no way affect any person's eligibility for retirement benefits under the local government employees' retirement system, sections 70.600 to 70.755, or any other local government retirement or pension system, or in any way have the effect of reducing retirement benefits in such systems, or reducing compensation or mileage reimbursement of employees, anything to the contrary notwithstanding.

2. Any new or returning member employed under this section, on or after January 1, 2024, shall be subject to the following provisions:

(1) A member of another state or local retirement or pension system who begins employment in a position covered by the sheriffs' retirement system shall become a member of the sheriffs' retirement system upon employment. Any membership in any other state or local retirement or pension system shall cease,

except that the member shall be entitled to benefits accrued through December 31, 2023, or the commencement of membership in the sheriffs' retirement system, whichever is later; and

(2) Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

5. Notwithstanding any other law to the contrary, any member of the transportation department and highway patrol retirement system whose employment terminated on or after September 28, 1992, who has five or more years of vesting service as an employee at the date of termination of employment shall be entitled to a deferred normal annuity based on the member's creditable service, average compensation, and the act in effect at the time the member's employment was terminated.

104.090. 1. The normal annuity of a member shall equal one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of such member. In addition, the normal annuity of a uniformed member of the patrol shall be increased by thirty-three and one-third percent.

2. In addition, a uniformed member of the highway patrol who is retiring with a normal annuity after attaining normal retirement age shall receive an additional sum of ninety dollars per month as a contribution by the system until such member attains the age of sixty-five years, when such contribution shall cease. To qualify for the contribution provided in this subsection by the system, the retired uniformed member of the highway patrol is made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. Such additional contribution shall be reduced each month by such amount earned by the retired uniformed member of the highway patrol in gainful employment. In order to qualify for the additional contribution provided in this subsection, the retired uniformed member of the highway patrol shall have been:

(1) Hired by the Missouri state highway patrol prior to January 1, 1995; and

(2) Employed by the Missouri state highway patrol or receiving long-term disability or work-related disability benefits on the day before the effective date of the member's retirement.

3. In lieu of the annuity payable to the member pursuant to section 104.100, a member whose age at retirement is forty-eight or more may elect in the member's application for retirement to receive one of the following:

Option 1.

An actuarial reduction approved by the board of the member's annuity in reduced monthly payments for life during retirement with the provision that upon the member's death the reduced annuity at date of death shall be continued throughout the life of, and be paid to, the member's spouse; or

Option 2.

The member's normal annuity in regular monthly payments for life during retirement with the provision that upon the member's death a survivor's benefit equal to one-half the member's normal annuity at date of death shall be paid to the member's spouse in regular monthly payments for life; or

Option 3.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member's having received one hundred twenty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the one hundred twenty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such one hundred twenty-month period shall be paid to the retiree's estate; or

Option 4.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member having received sixty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the sixty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such sixty-month period shall be paid to the retiree's estate.

4. The election may be made only in the application for retirement, and such application shall be filed at least thirty days but not more than ninety days prior to the date on which the retirement of the member is to be effective, provided that if either the member or the spouse nominated to receive the survivorship payment dies before the effective date of retirement, the election shall not be effective. If after the reduced annuity commences, the spouse predeceases the retired member, the reduced annuity continues to the retired member during the member's lifetime.

5. Effective July 1, 2000, a member may make an election under option 1 or 2 after the date retirement benefits are initiated if the member makes the election within one year from the date of marriage or July 1, 2000, whichever is later, under any of the following circumstances:

(1) The member elected to receive a normal annuity and was not eligible to elect option 1 or 2 on the date retirement benefits were initiated; or

(2) The member's annuity reverted to a normal annuity pursuant to subsection 7 of this section or subsection **[**~~7 or~~**]** 8 of section 104.103 and the member remarried; or

(3) The member elected option 1 or 2 but the member's spouse at the time of retirement has died and the member has remarried.

6. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, and for such services shall be eligible to elect to receive the benefits described in subsection 5 of this section.

7. For retirement applications filed on or after August 28, 2004, the beneficiary for either option 1 or option 2 of subsection 3 of this section shall be the member's spouse at the time of retirement. If the member's marriage ends after retirement as a result of a dissolution of marriage, such dissolution shall not affect the option election and the former spouse shall continue to be eligible to receive survivor benefits upon death of the member, except a member may cancel his or her election if:

(1) The dissolution of marriage of the member and former spouse occurred on or after January 1, 2021, and the dissolution decree provides for sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter; or

(2) The dissolution of marriage of the member and former spouse occurred prior to January 1, 2021, and:

(a) The dissolution decree provided for the sole retention by the member of all rights in the annuity pursuant to this chapter, and the parties obtained an amended or modified dissolution decree after January 1, 2021, providing for immediate removal of the former spouse as the beneficiary entitled to survivor benefits to the satisfaction of the system; or

(b) The dissolution decree does not provide for the sole retention by the member of all rights in the annuity and the parties obtained an amended or modified dissolution decree after January 1, 2021, which provides for the sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter.

Upon meeting the requirements of subdivision (1) or (2) of this subsection, the monthly benefit payable for the lifetime of the member shall be the actuarial equivalent of the annuity payable pursuant to the provisions of option 1 or option 2 of subsection 3 of this section, as adjusted for early retirement if applicable. In no event shall the

monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

8. Any application for retirement shall only become effective on the first day of the month.

104.160. The board of trustees shall consist of three members of the state highways and transportation commission elected by the members of the commission. The superintendent of the highway patrol and the director of the department of transportation shall serve as members by virtue of their respective offices, and their successors shall succeed them as members of the board of trustees. In addition, one member of the senate appointed by the president pro tem of the senate and one member of the house of representatives, appointed by the speaker of the house shall serve as members of the board of trustees. In addition to the appointed legislators, two active employee members of the system shall be elected by a plurality vote of the active employee members of the system, herein designated for four-year terms to commence July 1, 1982, and every four years thereafter. One elected member shall be elected from the active employees of the department of transportation and one elected member shall be elected from the active employees of the civilian or uniformed highway patrol. **The terms of the active employee representatives serving on the board on August 28, 2026, shall continue until June 30, 2028. All terms of elected active employee representatives shall be for four years after June 30, 2028.** In addition to the two active employee members, two retirees of the system shall be elected to serve on the board by a plurality vote of the retirees of the system. One retiree shall be elected by the retired employees of the transportation department and one retiree shall be elected by the retired employees of the civilian or uniformed highway patrol. The retiree serving on the board on August 28, 2007, shall continue to serve on the board as the representative of the retired employees of the transportation department until June 30, 2010. An election shall be held prior to January 1, 2008, for the retiree to be elected by the retired employees of the civilian or uniformed highway patrol with said term to commence on January 1, 2008, and expire on June 30, 2010. All terms of elected retired employees shall be for four years after June 30, 2010. The board shall determine the procedures for nomination and election of the elective board members. Nominations may be entered by any member of the system, provided members of the system have a reasonable opportunity to vote.

104.170. 1. The board shall elect **[**~~by secret ballot~~**]** one member as chair and one member as vice chair at the first board meeting of each year. The chair may not serve more than two consecutive terms beginning after August 13, 1988. The chair shall preside over meetings of the board and perform such other duties as may be required by action of the board. The vice chair shall perform the duties of the chair in the absence of the latter or upon the chair's inability or refusal to act.

2. The board shall appoint a full-time executive director, who shall not be compensated for any other duties under the state highways and transportation commission. The executive director shall have charge of the offices and records and shall hire such employees that the executive director deems necessary subject to the direction of the board. The executive director and all other employees of the system shall be members of the system and the board shall make contributions to provide the insurance benefits available pursuant to section 104.270 on the same basis as provided for other state employees pursuant to the provisions of section 104.515, and also shall make contributions to provide the retirement benefits on the same basis as provided for other employees pursuant to the provisions of sections 104.090 to 104.260. The executive director is authorized to execute all documents including contracts necessary to carry out any and all actions of the board.

3. Any summons or other writ issued by the courts of the state shall be served upon the executive director or, in the executive director's absence, on the assistant director.

104.200. Should any error in any records result in any **[**~~member's~~**] member** or **[**~~beneficiary's~~**] beneficiary** receiving more or less than he **or she** would have been entitled to receive had the records been correct, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern for the amount of time that has passed**.

104.312. 1. The provisions of subsection 2 of section 104.250, subsection 2 of section 104.540, subsection 2 of section 287.820, and section 476.688 to the contrary notwithstanding, any pension, annuity, benefit, right, or retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 is marital property and after

August 28, 1994, a court of competent jurisdiction may divide the pension, annuity, benefits, rights, and retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 between the parties to any action for dissolution of marriage. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member and not normally made available by that system;

(2) Shall not require the applicable retirement system to commence payments until the member submits a valid application for an annuity and the annuity becomes payable in accordance with the application;

(3) Shall identify the monthly amount to be paid to the alternate payee, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the time while the member and alternate payee were married **excluding service accrued under 104.601**; and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately if the member's annuity is reduced due to early retirement or the member's annuity is reduced pursuant to section 104.395 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage or pursuant to section 104.090 under an annuity option in which the member on or after August 28, 2007, named the alternative payee as beneficiary prior to the dissolution of marriage, and the percentage established shall be applied to the pro rata portion of any lump sum distribution pursuant to subsection 6 of section 104.335, accrued during the time while the member and alternate payee were married;

(4) Shall not require the payment of an annuity amount to the member and alternate payee which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any benefit formula increases, additional years of service, increased average compensation or other type of increases accrued after the date of the dissolution of marriage shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any annual benefit increase **paid after the member's annuity starting date** shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the alternate payee, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the alternate payee, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system established by this chapter shall provide the court having jurisdiction of a dissolution of marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member or the member's spouse, which cites this section and identifies the case number and parties.

3. A system established by this chapter shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the alternate payee;

(2) The order is inconsistent with any law governing the retirement system.

4. The amount paid to an alternate payee under an order issued pursuant to this section shall be based on the plan the member was in on the date of the dissolution of marriage; except that any annual benefit increases subject to division shall be based on the actual annual benefit increases received after the retirement plan election.

5. Any annuity payable under section 104.625 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or compensation of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or compensation; and

(2) The lump-sum payment described in subdivision (3) of section 104.625 shall not be subject to any division of benefit order.

104.410. 1. Any uniformed member of the water patrol who shall be affirmatively found by the board to be wholly and permanently incapable of holding any position of gainful employment as a result of injuries or illness incurred in the performance of the member's duties shall be entitled to receive disability benefits in an amount equal to one-half of the compensation that the employee was receiving at the time of the occurrence of the injury entitling the employee to such disability benefits. Any disability benefit payable pursuant to this subsection shall be

decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. The board of trustees may require a medical examination of any uniformed member of the water patrol who is receiving disability benefits pursuant to this section at any time by a designated physician, and disability benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position, or if such member refuses to submit to such an examination.

3. The disability benefits described in this section shall not be paid to any uniformed member of the water patrol who has retained or regained more than fifty percent of the member's earning capacity. If any uniformed member of the water patrol who has been receiving disability benefits again becomes an employee, the member's disability benefits shall be discontinued, the member's prior period of creditable service shall be restored, and any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment.

4. Any uniformed member of the water patrol receiving benefits pursuant to the provisions of this section for five or more years immediately prior to attainment of age fifty-five shall be considered a normal retirant at age fifty-five, and may elect, within thirty days preceding the attainment of age fifty-five, option 1 of section 104.395, but only for the member's spouse who was the member's spouse for two or more years prior to the member's attainment of age fifty-five.

5. Any member who is receiving disability benefits as of December 31, 1985, or any member who is disabled on December 31, 1985, and would have been entitled to receive disability benefits pursuant to this section as the provisions of this section existed immediately prior to September 28, 1985, shall be eligible to receive or shall continue to receive benefits in accordance with such prior provisions of this section until the member again becomes an employee; however, all employees of the department of conservation who are disabled shall receive benefits pursuant only to this section or section 104.518, whichever is applicable, and shall not be eligible for benefits under any other plan or program purchased or provided after September 28, 1985.

6. Any member who qualifies for disability benefits pursuant to subsection 1 of this section or pursuant to the provisions of section 104.518, or under a long-term disability program provided by the member's employing department as a consequence of employment by the department, shall continue to accrue creditable service based on the member's rate of pay immediately prior to the date the member became disabled in accordance with sections 104.370, 104.371, 104.374 and 104.615, until the date the member's retirement benefit goes into pay status, the disability benefits cease being paid to the member, or the member is no longer disabled, whichever comes first. Persons covered by the provisions of sections 476.515 to 476.565 or sections 287.812 to 287.855, who qualify for disability benefits pursuant to the provisions of section 104.518, at the date the person becomes disabled, shall continue to accrue creditable service based on the person's rate of pay immediately prior to the date the person becomes disabled until the date the person's retirement benefit goes into pay status, the disability benefits cease being paid to the person or the person is no longer disabled, whichever comes first. Members or persons continuing to accrue creditable service pursuant to this subsection shall be entitled to continue their life insurance coverage subject to the provisions of the life insurance plan administered by the board pursuant to section 104.517. The rate of pay for purposes of calculating retirement benefits for a member or person described in this subsection who becomes disabled and retires on or after August 28, 1999, shall be the member's or person's regular monthly compensation received at the time of disablement, increased thereafter for any increases in the consumer price index. Such increases in the member's monthly pay shall be made annually beginning twelve months after disablement and shall be equal to eighty percent of the increase in the consumer price index during the calendar year prior to the adjustment, but not more than five percent of the member's monthly pay immediately before the increase. Such accruals shall continue until the earliest of: receipt of an early retirement annuity, attainment of normal retirement eligibility or termination of disability benefits.

7. A member or person who continues to be disabled as provided in subsection 6 of this section until the member's normal retirement age shall be eligible to retire on the first day of the month next following the member's or person's final payment pursuant to section 104.518 or, if applicable, subsection 1 of this section. A member or person who retires pursuant to this subsection shall receive the greater of the normal annuity or the minimum annuity, if applicable, determined pursuant to sections 104.370, 104.371, 104.374 and 104.615, and section 287.820, and section 476.530 as if the member or person had continued in the active employ of the employer until the member's or person's retirement benefit goes into pay status, the disability benefits cease being paid to the member

or person, or the member or person is no longer disabled, whichever comes first and the member's or person's compensation for such period had been the member's or person's rate of pay immediately preceding the date the member or person became disabled.

8. If a member who has been disabled becomes an employee again and if the member was disabled during the entire period of the member's absence, then the member shall resume active participation as of the date of reemployment. Such a member shall receive creditable service for the entire period the member was disabled as provided in subsection 6 of this section.

9. If a member ceases to be disabled and if the member does not return to work as provided in subsection 8 of this section, the member's rights to further benefits shall be determined in accordance with sections 104.335, 104.380, 104.400, 104.420 and 104.615 as though the member had withdrawn from service as of the date the member ceased to be disabled, as determined by the system.

10. Members of the general assembly who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. Statewide elected officials who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.436. 1. The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated pursuant to the provisions of this subsection. Following each pay period, the commissioner of administration shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.490. 1. Should any error result in any member or beneficiary receiving more or less than he or she would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately upon the annuity starting date if the member's annuity is reduced due to the receipt of an early retirement annuity or the member's annuity is reduced pursuant to section 104.1027 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage;

(5) Shall provide that any annuity increases, additional years of credited service, increased final average pay, increased pay pursuant to subsections 2 and 5 of section 104.1084, or other type of increases accrued after the date of the dissolution of marriage and any temporary annuity received pursuant to subsection 4 of section 104.1024 shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any cost-of-living adjustment (COLA) due after the annuity starting date shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. (2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefit order.

104.1060. 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**]** **member's annuity starting date or the** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

3. A board shall not pay an annuity to any survivor or beneficiary who is charged with the intentional killing of a member, retiree or survivor without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive an annuity. If the survivor or beneficiary is not convicted of such charge, the board shall resume annuity payments and shall pay the survivor or beneficiary any annuity payments that were suspended pending resolution of such charge.

104.1066. 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**. For purposes of this subsection and section 104.436, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within **[**~~sixty~~**] sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of

trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.

5. To the extent that the board enters or has entered into any contract with any insurer or service organization to provide life insurance provided for pursuant to this section:

(1) The obligation to provide such life insurance shall be primarily that of the insurer or service organization and secondarily that of the board;

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

104.1084. 1. For members of the general assembly, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least three full biennial assemblies or the attainment of at least age fifty for a member who has served at least three full biennial assemblies with a total of years of age and years of credited service which is at least eighty. A member shall receive two years of credited service for every full biennial assembly served. A full biennial assembly shall be equal to the period of time beginning on the first day the general assembly convenes for a first regular session until the last day of the following year. If a member serves less than a full biennial assembly, the member shall receive credited service for the pro rata portion of the full biennial assembly served.

2. For the purposes of section 104.1024, the normal retirement annuity of a member of the general assembly shall be an amount for life equal to one twenty-fourth of the monthly pay for a senator or representative on the annuity starting date multiplied by the years of credited service as a member of the general assembly. In no event shall any such member or eligible beneficiary receive annuity amounts in excess of one hundred percent of pay.

3. To be covered by the provisions of section 104.1030, or section 104.1036, a member of the general assembly must have served at least three full biennial assemblies.

4. For members who are statewide elected officials, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least four years as a statewide elected official, or the attainment of age fifty with a total of years of age and years of such credited service which is at least eighty.

5. For the purposes of section 104.1024, the normal retirement annuity of a member who is a statewide elected official shall be an amount for life equal to one twenty-fourth of the monthly pay in the highest office held by such member on the annuity starting date multiplied by the years of credited service as a statewide elected official not to exceed twelve years.

6. To be covered by the provisions of sections 104.1030 and 104.1036, a member who is a statewide elected official must have at least four years as a statewide elected official.

7. The provisions of section 104.1045 shall not apply to persons covered by the general assembly and statewide elected official provisions of this section. Persons covered by the general assembly provisions and receiving a year 2000 plan annuity shall be entitled to a cost-of-living adjustment (COLA) when there are increases in pay for members of the general assembly. Persons covered by the statewide elected official provisions and receiving a year 2000 plan annuity shall be entitled to COLAs when there are increases in the pay for statewide elected officials in the highest office held by such person. The COLA described in this subsection shall be equal to and concurrent with the percentage increase in pay as described in section 105.005. No COLA shall be less than zero.

8. Any member who serves under this chapter as a member of the general assembly or as a statewide elected official on or after August 28, 1999, shall not be eligible to receive any retirement benefits from the system under either the closed plan or the year 2000 plan based on service rendered on or after August 28, 1999, as a member of the general assembly or as a statewide elected official if such member is convicted of a felony that is determined by a court of law to have been committed in connection with the member's duties either as a member of the general assembly or as a statewide elected official, unless such conviction is later reversed by a court of law.

9. A member of the general assembly who has purchased or transferred creditable service shall not be subject to the cap on benefits pursuant to subsection 2 of this section for that portion of the benefit attributable to the purchased or transferred service.

10. For the purposes of section 104.1042, the service credit accrued by a member of the general assembly while receiving long-term disability benefits shall continue to accrue until the earliest receipt of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. For the purposes of section 104.1042, the service credit accrued by a statewide elected official while receiving long-term disability benefits shall continue to accrue until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's

constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.1091. 1. Notwithstanding any provision of the year 2000 plan to the contrary, each person who first becomes an employee on or after January 1, 2011, shall be a member of the year 2000 plan subject to the provisions of this section.

2. A member's normal retirement eligibility shall be as follows:

(1) The member's attainment of at least age sixty-seven and the completion of at least ten years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with ten years of credited service;

(2) For members of the general assembly, the member's attainment of at least age sixty-two and the completion of at least three full biennial assemblies; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety;

(3) For statewide elected officials, the official's attainment of at least age sixty-two and the completion of at least four years of credited service; or the official's attainment of at least age fifty-five with the sum of the official's age and credited service equaling at least ninety.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A member, other than a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, shall be eligible for an early retirement annuity upon the attainment of at least age sixty-two and the completion of at least ten years of credited service. A vested former member **who terminated employment prior to the attainment of early retirement eligibility** shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2014, and each June thirtieth thereafter,

the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system **[**~~after~~**] within an administratively reasonable period, but no sooner than** ninety days from the date of termination of employment **[**~~or the request, whichever is later, and~~**]. The amount refunded** shall include all **employee** contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any **[**~~long-term~~**]** disability benefits; provided that any member or vested former member receiving **[**~~long-term~~**]** disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Option 1.

A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the retiree's death, fifty percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 2.

A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-one percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of four-tenths of one percent for each year the retiree's age is younger than sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of five-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of five-tenths of one percent for each year of age difference; provided, after all adjustments the option 2 percent cannot exceed eighty-seven and three quarter percent. Upon the retiree's death one hundred percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3.

A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if

there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

Option 4.

A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the retiree dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred eighty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

11. The provisions of subsection 6 of section 104.1024 shall not apply to members covered by this section.

12. Effective January 1, 2018, a member who is not a statewide elected official or a member of the general assembly shall be eligible for retirement under this subsection subject to the following conditions:

(2) A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least five years of credited service; **except that, a vested former member who terminates employment after the attainment of normal retirement eligibility as defined in subdivision (1) of this subsection shall be covered under such subdivision;**

(3) A temporary annuity paid under subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with five years of credited service;

Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. **Effective June 30, 2024, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two-week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two-week treasury bill is no longer issued.** Interest credits shall cease upon retirement **or death** of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to

any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions **and interest credited thereon,** less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.

[~~104.130. House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 934, Page 4, Section 57.991, Line 21, by inserting after said section and line the following:

"86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described

under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**~~or, if applicable, subsection 6 of this section~~**]**. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until **[**~~the earlier of~~**]** the person's death **[**~~or remarriage~~**]**, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.366, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of the retired member's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any surviving spouse pursuant to sections 86.200 to 86.366, each present and future surviving spouse of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the surviving spouse's life **[**~~or until the surviving spouse remarries, whichever is earlier~~**]**, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

4. For the performance of duties required in subsection 3 of this section, each surviving spouse of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the surviving spouse is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.

86.280. Upon the receipt of proper proofs of the death of a member in service and provided no other benefits are payable under the retirement system, there shall be paid the following benefits:

(1) Effective October 1, 1999, a pension to the surviving spouse until the surviving spouse dies **[**~~or remarries, whichever is earlier~~**]**, of forty percent of the deceased member's average final compensation plus fifteen percent of such compensation to, or for the benefit of, each unmarried dependent child of the deceased member, who is either under the age of eighteen, or who, regardless of age, is totally and permanently mentally or physically disabled and incapacitated from engaging in gainful occupation sufficient to support himself or herself;

(3) If no surviving spouse benefits are payable pursuant to subdivisions (1) and (2) of this section, such total pension as would have been paid pursuant to subdivisions (1) and (2) of this section had there been a surviving spouse shall be divided among the unmarried dependent children under age eighteen and such unmarried dependent children, regardless of age, who are totally and permanently mentally or physically disabled and incapacitated from engaging in a gainful occupation sufficient to support themselves. The benefit shall be divided equally among the eligible dependent children, and the share of a child who is no longer eligible shall be divided equally among the remaining eligible dependent children; provided that not more than one-half of the surviving spouse's benefit shall be paid for one child;

(8) The benefits payable pursuant to this section to the surviving spouse of a member who died in service after attaining the age of fifty-five or completing twenty years of creditable service shall be increased in the same percentages and pursuant to the same method as is provided in section 86.253 for adjustments in the service retirement allowance of a retired member**;**

(9) In the event a surviving spouse receiving death benefits as a result of a prior marriage to a deceased member subsequently remarries another member who also predeceases the surviving spouse, the surviving spouse shall receive a single death benefit pension, which, upon application to the board of trustees, shall be computed under subdivision (1) of this section using the highest of the average final compensations of the deceased members to which the surviving spouse was previously married;

(10) Beginning on August 28, 2023, any surviving spouse that had, prior to August 28, 2023, become ineligible for benefits under subdivisions (1) and (2) of this section as a result of remarrying shall, upon application to the board of trustees, have reinstated all future benefits under subdivisions (1) and (2) of this section. Beginning October 1, 1999, for such services as may be required, a surviving spouse shall receive additional monthly compensation equal to the amount which when added to the benefits the surviving spouse was receiving pursuant to this section prior to October 1, 1999, determined without regard to any increase applied to such benefits prior to October 1, 1999, pursuant to subdivision (8) of this section, will increase the surviving spouse's total monthly payment pursuant to this section to forty percent of the deceased member's average final compensation, and there shall be payable an additional monthly compensation of one hundred dollars or five percent of the member's average final compensation, whichever is greater, for each unmarried dependent child of the member. (1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years.

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**~~Between July 1, 2001, and July 1, 2014,~~**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is **[**~~thirty-one~~**] thirty-two** years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent

of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other

subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and

currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work for an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn**, beginning on August 28, 2023, and ending on June 30, 2028,** up to **[**~~sixty percent of the minimum teacher's salary as set forth in section 163.172~~**] one hundred thirty-three percent of the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, and, after June 30, 2028, up to the annual earnings exemption amount applicable to a Social Security retirement recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430**, without a discontinuance of the person's retirement allowance **from the retirement system. The Social Security annual earnings exemption amount applied shall be the exemption amount in effect for the calendar year in which the school year begins**. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. The provisions of this subsection shall not apply to any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141 employed by a public community college **or employer under subsection 4 of section 169.130**.

169.596. 1. Notwithstanding any other provision of this chapter to the contrary, a retired certificated teacher receiving a retirement benefit from the retirement system established pursuant to sections 169.010 to 169.141 may, without losing his or her retirement benefit, teach full time for up to **[**~~two~~**] four** years for a school district covered by such retirement system; provided that the school district has a shortage of certified teachers, as determined by the school district, and provided that no such retired certificated teacher shall be employed as a superintendent. 5. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such one hundred twenty-month period shall be paid to the retiree's estate; or

Option 4.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member having received sixty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the sixty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such sixty-month period shall be paid to the retiree's estate.

4. The election may be made only in the application for retirement, and such application shall be filed at least thirty days but not more than ninety days prior to the date on which the retirement of the member is to be effective, provided that if either the member or the spouse nominated to receive the survivorship payment dies before the effective date of retirement, the election shall not be effective. If after the reduced annuity commences, the spouse predeceases the retired member, the reduced annuity continues to the retired member during the member's lifetime.

5. Effective July 1, 2000, a member may make an election under option 1 or 2 after the date retirement benefits are initiated if the member makes the election within one year from the date of marriage or July 1, 2000, whichever is later, under any of the following circumstances:

(1) The member elected to receive a normal annuity and was not eligible to elect option 1 or 2 on the date retirement benefits were initiated; or

(2) The member's annuity reverted to a normal annuity pursuant to subsection 7 of this section or subsection **[**~~7 or~~**]** 8 of section 104.103 and the member remarried; or

(3) The member elected option 1 or 2 but the member's spouse at the time of retirement has died and the member has remarried.

6. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, and for such services shall be eligible to elect to receive the benefits described in subsection 5 of this section.

7. For retirement applications filed on or after August 28, 2004, the beneficiary for either option 1 or option 2 of subsection 3 of this section shall be the member's spouse at the time of retirement. If the member's marriage ends after retirement as a result of a dissolution of marriage, such dissolution shall not affect the option election and the former spouse shall continue to be eligible to receive survivor benefits upon death of the member, except a member may cancel his or her election if:

(1) The dissolution of marriage of the member and former spouse occurred on or after January 1, 2021, and the dissolution decree provides for sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter; or

(a) The dissolution decree provided for the sole retention by the member of all rights in the annuity pursuant to this chapter, and the parties obtained an amended or modified dissolution decree after January 1, 2021, providing for immediate removal of the former spouse as the beneficiary entitled to survivor benefits to the satisfaction of the system; or

(b) The dissolution decree does not provide for the sole retention by the member of all rights in the annuity and the parties obtained an amended or modified dissolution decree after January 1, 2021, which provides for the sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter.

Upon meeting the requirements of subdivision (1) or (2) of this subsection, the monthly benefit payable for the lifetime of the member shall be the actuarial equivalent of the annuity payable pursuant to the provisions of option 1

or option 2 of subsection 3 of this section, as adjusted for early retirement if applicable. In no event shall the monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

8. Any application for retirement shall only become effective on the first day of the month.

104.170. 1. The board shall elect **[**~~by secret ballot~~**]** one member as chair and one member as vice chair at the first board meeting of each year. The chair shall preside over meetings of the board and perform such other duties as may be required by action of the board. The vice chair shall perform the duties of the chair in the absence of the latter or upon the chair's inability or refusal to act.

2. The board shall appoint a full-time executive director, who shall not be compensated for any other duties under the state highways and transportation commission. The executive director shall have charge of the offices and records and shall hire such employees that the executive director deems necessary subject to the direction of the board. The executive director and all other employees of the system shall be members of the system and the board shall make contributions to provide the insurance benefits available pursuant to section 104.270 on the same basis as provided for other state employees pursuant to the provisions of section 104.515, and also shall make contributions to provide the retirement benefits on the same basis as provided for other employees pursuant to the provisions of sections 104.090 to 104.260. The executive director is authorized to execute all documents including contracts necessary to carry out any and all actions of the board.

3. Any summons or other writ issued by the courts of the state shall be served upon the executive director or, in the executive director's absence, on the assistant director.

104.200. Should any error in any records result in any **[**~~member's~~**] member** or **[**~~beneficiary's~~**] beneficiary** receiving more or less than he **or she** would have been entitled to receive had the records been correct, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern for the amount of time that has passed**.

104.312. 1. The provisions of subsection 2 of section 104.250, subsection 2 of section 104.540, subsection 2 of section 287.820, and section 476.688 to the contrary notwithstanding, any pension, annuity, benefit, right, or retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 is marital property and after August 28, 1994, a court of competent jurisdiction may divide the pension, annuity, benefits, rights, and retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 between the parties to any action for dissolution of marriage. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member and not normally made available by that system;

(2) Shall not require the applicable retirement system to commence payments until the member submits a valid application for an annuity and the annuity becomes payable in accordance with the application;

(3) Shall identify the monthly amount to be paid to the alternate payee, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the time while the member and alternate payee were married **excluding service accrued under 104.601**; and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately if the member's annuity is reduced due to early retirement or the member's annuity is reduced pursuant to section 104.395 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage or pursuant to section 104.090 under an annuity option in which the member on or after August 28, 2007, named the alternative payee as beneficiary prior to the dissolution of marriage, and the percentage established shall be applied to the pro rata portion of any lump sum distribution pursuant to subsection 6 of section 104.335, accrued during the time while the member and alternate payee were married;

(4) Shall not require the payment of an annuity amount to the member and alternate payee which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any benefit formula increases, additional years of service, increased average compensation or other type of increases accrued after the date of the dissolution of marriage shall accrue solely to the

benefit of the member; except that on or after September 1, 2001, any annual benefit increase **paid after the member's annuity starting date** shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the alternate payee, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the alternate payee, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system established by this chapter shall provide the court having jurisdiction of a dissolution of marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member or the member's spouse, which cites this section and identifies the case number and parties.

3. A system established by this chapter shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the alternate payee;

(2) The order is inconsistent with any law governing the retirement system.

4. The amount paid to an alternate payee under an order issued pursuant to this section shall be based on the plan the member was in on the date of the dissolution of marriage; except that any annual benefit increases subject to division shall be based on the actual annual benefit increases received after the retirement plan election.

5. Any annuity payable under section 104.625 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or compensation of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or compensation; and

(2) The lump-sum payment described in subdivision (3) of section 104.625 shall not be subject to any division of benefit order.

104.410. 1. Any uniformed member of the water patrol who shall be affirmatively found by the board to be wholly and permanently incapable of holding any position of gainful employment as a result of injuries or illness incurred in the performance of the member's duties shall be entitled to receive disability benefits in an amount equal to one-half of the compensation that the employee was receiving at the time of the occurrence of the injury entitling the employee to such disability benefits. Any disability benefit payable pursuant to this subsection shall be decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. The board of trustees may require a medical examination of any uniformed member of the water patrol who is receiving disability benefits pursuant to this section at any time by a designated physician, and disability benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position, or if such member refuses to submit to such an examination.

3. The disability benefits described in this section shall not be paid to any uniformed member of the water patrol who has retained or regained more than fifty percent of the member's earning capacity. If any uniformed member of the water patrol who has been receiving disability benefits again becomes an employee, the member's disability benefits shall be discontinued, the member's prior period of creditable service shall be restored, and any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment.

4. Any uniformed member of the water patrol receiving benefits pursuant to the provisions of this section for five or more years immediately prior to attainment of age fifty-five shall be considered a normal retirant at age fifty-five, and may elect, within thirty days preceding the attainment of age fifty-five, option 1 of section 104.395, but only for the member's spouse who was the member's spouse for two or more years prior to the member's attainment of age fifty-five.

5. Any member who is receiving disability benefits as of December 31, 1985, or any member who is disabled on December 31, 1985, and would have been entitled to receive disability benefits pursuant to this section as the provisions of this section existed immediately prior to September 28, 1985, shall be eligible to receive or shall continue to receive benefits in accordance with such prior provisions of this section until the member again becomes an employee; however, all employees of the department of conservation who are disabled shall receive benefits pursuant only to this section or section 104.518, whichever is applicable, and shall not be eligible for benefits under any other plan or program purchased or provided after September 28, 1985.

6. Any member who qualifies for disability benefits pursuant to subsection 1 of this section or pursuant to the provisions of section 104.518, or under a long-term disability program provided by the member's employing department as a consequence of employment by the department, shall continue to accrue creditable service based on the member's rate of pay immediately prior to the date the member became disabled in accordance with sections 104.370, 104.371, 104.374 and 104.615, until the date the member's retirement benefit goes into pay status, the disability benefits cease being paid to the member, or the member is no longer disabled, whichever comes first. Persons covered by the provisions of sections 476.515 to 476.565 or sections 287.812 to 287.855, who qualify for disability benefits pursuant to the provisions of section 104.518, at the date the person becomes disabled, shall continue to accrue creditable service based on the person's rate of pay immediately prior to the date the person becomes disabled until the date the person's retirement benefit goes into pay status, the disability benefits cease being paid to the person or the person is no longer disabled, whichever comes first. Members or persons continuing to accrue creditable service pursuant to this subsection shall be entitled to continue their life insurance coverage subject to the provisions of the life insurance plan administered by the board pursuant to section 104.517. The rate of pay for purposes of calculating retirement benefits for a member or person described in this subsection who becomes disabled and retires on or after August 28, 1999, shall be the member's or person's regular monthly compensation received at the time of disablement, increased thereafter for any increases in the consumer price index. Such increases in the member's monthly pay shall be made annually beginning twelve months after disablement and shall be equal to eighty percent of the increase in the consumer price index during the calendar year prior to the adjustment, but not more than five percent of the member's monthly pay immediately before the increase. Such accruals shall continue until the earliest of: receipt of an early retirement annuity, attainment of normal retirement eligibility or termination of disability benefits.

7. A member or person who continues to be disabled as provided in subsection 6 of this section until the member's normal retirement age shall be eligible to retire on the first day of the month next following the member's or person's final payment pursuant to section 104.518 or, if applicable, subsection 1 of this section. A member or person who retires pursuant to this subsection shall receive the greater of the normal annuity or the minimum annuity, if applicable, determined pursuant to sections 104.370, 104.371, 104.374 and 104.615, and section 287.820, and section 476.530 as if the member or person had continued in the active employ of the employer until the member's or person's retirement benefit goes into pay status, the disability benefits cease being paid to the member or person, or the member or person is no longer disabled, whichever comes first and the member's or person's compensation for such period had been the member's or person's rate of pay immediately preceding the date the member or person became disabled.

8. If a member who has been disabled becomes an employee again and if the member was disabled during the entire period of the member's absence, then the member shall resume active participation as of the date of reemployment. Such a member shall receive creditable service for the entire period the member was disabled as provided in subsection 6 of this section.

9. If a member ceases to be disabled and if the member does not return to work as provided in subsection 8 of this section, the member's rights to further benefits shall be determined in accordance with sections 104.335, 104.380, 104.400, 104.420 and 104.615 as though the member had withdrawn from service as of the date the member ceased to be disabled, as determined by the system.

10. Members of the general assembly who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. Statewide elected officials who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.436. 1. The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated pursuant to the provisions of this subsection. Following each pay period, the commissioner of administration shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.490. 1. Should any error result in any member or beneficiary receiving more or less than he or she would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system is subject to fine or imprisonment pursuant to the Missouri revised statutes.

3. The board of trustees of the Missouri state employees' retirement system shall cease paying benefits to any survivor or beneficiary who is charged with the intentional killing of a member without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive benefits. If the survivor or beneficiary is not convicted of such charge, the board shall resume payment of benefits and shall pay the survivor or beneficiary any benefits that were suspended pending resolution of such charge.

104.515. 1. Separate accounts for medical, life insurance and disability benefits provided pursuant to sections 104.517 and 104.518 shall be established as part of the fund. The funds, property and return on investments of the separate account shall not be commingled with any other funds, property and investment return of the system. All benefits and premiums are paid solely from the separate account for medical, life insurance and disability benefits provided pursuant to this section.

2. The state shall contribute an amount as appropriated by law and approved by the governor per month for medical benefits, life insurance and long-term disability benefits as provided pursuant to this section and sections 104.517 and 104.518. Such amounts shall include the cost of providing life insurance benefits for each active employee who is a member of the Missouri state employees' retirement system, a member of the public school retirement system and who is employed by a state agency other than an institution of higher learning, a member of the retirement system established by sections 287.812 to 287.855, the judicial retirement system, each legislator and official holding an elective state office, members not on payroll status who are receiving workers' compensation benefits, and if the state highways and transportation commission so elects, those employees who are members of the state transportation department employees' and highway patrol retirement system; if the state highways and transportation commission so elects to join the plan, the state shall contribute an amount as appropriated by law for medical benefits for those employees who are members of the transportation department employees' and highway patrol retirement system; an additional amount equal to the amount required, based on competitive bidding or determined actuarially, to fund the retired members' death benefit or life insurance benefit, or both, provided in subsection 4 of this section and the disability benefits provided in section 104.518. This amount shall be reported as a separate item in the monthly certification of required contributions which the commissioner of administration

submits to the state treasurer and shall be deposited to the separate account for medical, life insurance and disability benefits. All contributions made on behalf of members of the state transportation department employees' and highway patrol retirement system shall be made from highway funds. If the highways and transportation commission so elects, the spouses and unemancipated children under twenty-three years of age of employees who are members of the state transportation department employees' and highway patrol retirement system shall be able to participate in the program of insurance benefits to cover medical expenses pursuant to the provisions of subsection 3 of this section.

3. The board shall determine the premium amounts required for participating employees. The premium amounts shall be the amount, which, together with the state's contribution, is required to fund the benefits provided, taking into account necessary actuarial reserves. Separate premiums shall be established for employees' benefits and a separate premium or schedule of premiums shall be established for benefits for spouses and unemancipated children under twenty-three years of age of participating employees. The employee's premiums for spouse and children benefits shall be established to cover that portion of the cost of such benefits which is not paid for by contributions by the state. All such premium amounts shall be paid to the board of trustees at the time that each employee's wages or salary would normally be paid. The premium amounts so remitted will be placed in the separate account for medical, life insurance and disability benefits. In lieu of the availability of premium deductions, the board may establish alternative methods for the collection of premium amounts.

4. Each special consultant eligible for life benefits employed by a board of trustees of a retirement system as provided in section 104.610 who is a member of the Missouri state life insurance plan or Missouri state transportation department and Missouri state highway patrol life insurance plan shall, in addition to duties prescribed in section 104.610 or any other law, and upon request of the board of trustees, give the board, orally or in writing, a short detailed statement on life insurance and death benefit problems affecting retirees. As compensation for the extra duty imposed by this subsection, any special consultant as defined above, other than a special consultant entitled to a deferred normal annuity pursuant to section 104.035 or 104.335, who retires on or after September 28, 1985, shall receive as a part of compensation for these extra duties, a death benefit of five thousand dollars, and any special consultant who terminates employment on or after August 28, 1999, after reaching normal or early retirement age and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage. In addition, each special consultant who is a member of the transportation department employees' and highway patrol retirement system medical insurance plan shall also provide the board, upon request of the board, orally or in writing, a short detailed statement on physical, medical and health problems affecting retirees. As compensation for this extra duty, each special consultant as defined above shall receive, in addition to all other compensation provided by law, nine dollars, or an amount equivalent to that provided to other special consultants pursuant to the provisions of section 103.115. In addition, any special consultant as defined in section 287.820 or section 476.601 who terminates employment and immediately retires on or after August 28, 1995, shall receive as a part of compensation for these duties, a death benefit of five thousand dollars and any special consultant who terminates employment on or after August 28, 1999, after reaching the age of eligibility to receive retirement benefits and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

5. Any former employee who is receiving disability income benefits from the Missouri state employees' retirement system or the transportation department employees' and highway patrol retirement system shall, upon application with the board of trustees of the Missouri consolidated health care plan or the transportation department employees and highway patrol medical plan, be made, constituted, appointed and employed by the respective board as a special consultant on the problems of the health of disability income recipients and, upon request of the board of trustees of each medical plan, give the board, orally or in writing, a short detailed statement of physical, medical and health problems affecting disability income recipients. As compensation for the extra duty imposed by this subsection, each such special consultant as defined in this subsection may receive, in addition to all other compensation provided by law, an amount contributed toward medical benefits coverage provided by the Missouri consolidated health care plan or the transportation employees and highway patrol medical plan pursuant to appropriations.

104.625. Effective July 1, 2002, any member retiring pursuant to the provisions of sections 104.010 to 104.801, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond normal retirement age, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date, which shall be the first day of the month with respect to which an

amount is paid as an annuity pursuant to this section. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions otherwise applicable under the law, with the exception that it shall be the amount which would have been payable had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this section, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a normal annuity. The member shall **[**~~elect to~~**]** receive the lump sum amount **[**~~either~~**]** in its entirety at the same time as the initial annuity payment is made **[**~~or in three equal annual installments with the first payment made at the same time as the initial annuity payment~~**]**; **and**

(4) **[**~~Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.312 shall be calculated as follows:~~

~~(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service except for purposes of calculating the division of benefit; and~~

~~(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and~~

~~(5)~~**]** For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

104.810. 1. Employees of the Missouri state water patrol who are earning creditable service in the closed plan of the Missouri state employees' retirement system and who are transferred to the division of water patrol with the Missouri state highway patrol shall elect within ninety days of January 1, 2011, to either remain a member of the Missouri state employees' retirement system or transfer membership and creditable service to the closed plan of the Missouri department of transportation and highway patrol employees' retirement system. The election shall be made in writing after the employee has received a detailed analysis comparing retirement, life insurance, disability benefits, and medical benefits of a member of the Missouri state employees' retirement system with the corresponding benefits provided an employee of the highway patrol covered by the closed plan of the Missouri department of transportation and highway patrol employees' retirement system. In electing plan membership the employee shall acknowledge and agree that an election made under this subsection is irrevocable, and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election. **In the event an employee terminates employment and later returns to the same position, the employee shall be a member of the system in which he or she was a member prior to termination. If the employee returns to any other position, the employee shall be a member of the system that currently covers that position.**

2. Employees of the Missouri state water patrol who are earning credited service in the year 2000 plan of the Missouri state employees' retirement system and who are transferred to the division of water patrol with the Missouri state highway patrol shall elect within ninety days of January 1, 2011, to either remain a member of the Missouri state employees' retirement system or transfer membership and creditable service to the year 2000 plan of the Missouri department of transportation and highway patrol employees' retirement system. The election shall be made in writing after the employee has received a detailed analysis comparing retirement, life insurance, disability benefits, and medical benefits of a member of the Missouri state employees' retirement system with the corresponding benefits provided an employee of the highway patrol covered by the year 2000 plan of the Missouri department of transportation and highway patrol employees' retirement system. In electing plan membership the employee shall acknowledge and agree that an election made under this subsection is irrevocable, and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election.

3. The Missouri state employees' retirement system shall pay to the Missouri department of transportation and highway patrol employees' retirement system, by June 30, 2011, an amount actuarially determined to equal the liability at the time of the transfer for any employee who elects under subsection 1 or 2 of this section to transfer to the Missouri department of transportation and highway patrol employees' retirement system, to the extent that liability is funded as of the most recent actuarial valuation and based on the actuarial value of assets not to exceed one hundred percent.

4. In no event shall any employee receive service credit for the same period of service under more than one retirement system as a result of the provisions of this section.

5. The only medical coverage available for any employee who elects under subsection 1 or 2 of this section to transfer to the Missouri department of transportation and highway patrol employees' retirement system shall be the medical coverage provided in section 104.270. The effective date for commencement of medical coverage shall be July 1, 2011. However, this does not preclude medical coverage for the transferred employee as a dependent under any other health care plan.

6. Any employee who elects under subsection 1 or 2 of this section to transfer to the Missouri department of transportation and highway patrol employees' retirement system and who is also thereafter a uniformed member of the highway patrol shall be subject to the mandatory retirement age stated in section 104.081.

104.1018. 1. When a member is no longer employed in a position covered by the system, membership in the system shall thereupon cease. If a member has five or more years of credited service upon such member's termination of membership, such member shall be a vested former member entitled to a deferred annuity pursuant to section 104.1036**, except as otherwise provided in subsection 7 of section 104.1024**. If a member has fewer than five years of credited service upon termination of membership, such former member's credited service shall be forfeited, provided that if such former member becomes reemployed in a position covered by the system, such former member shall again become a member of the system and the forfeited credited service shall be restored after receiving creditable service continuously for one year.

2. Upon a member becoming a retiree, membership shall cease and, except as otherwise provided in section 104.1039, the person shall not again become a member of the system.

3. If a vested former member becomes reemployed in a position covered by the system before such vested former member's annuity starting date, membership shall be restored with the previous credited service and increased by such reemployment.

104.1024. 1. Any member who terminates employment may retire on or after attaining normal retirement eligibility by making application in written form and manner approved by the appropriate board. The written application shall set forth the annuity starting date which shall not be earlier than the first day of the second month following the month of the execution and filing of the member's application for retirement nor later than the first day of the fourth month following the month of the execution and filing of the member's application for retirement. 2. A member's annuity shall be paid in the form of a life annuity, except as provided in section 104.1027, and shall be an amount for life equal to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service.

3. The life annuity defined in subsection 2 of this section shall not be less than a monthly amount equal to fifteen dollars multiplied by the member's full years of credited service.

4. If as of the annuity starting date of a member who has attained normal retirement eligibility the sum of the member's years of age and years of credited service equals eighty or more years and if the member's age is at least forty-eight years but less than sixty-two years, or, in the case of a member of the highway patrol who shall be subject to the mandatory retirement provision of section **[**~~104.080~~**] 104.081**, the mandatory retirement age and completion of five years of credited service, then in addition to the life annuity described in subsection 2 of this section, the member shall receive a temporary annuity equal to eight-tenths of one percent of the member's final average pay multiplied by the member's years of credited service. The temporary annuity and any cost-of-living adjustments attributable to the temporary annuity pursuant to section 104.1045 shall terminate at the end of the calendar month in which the earlier of the following events occurs: the member's death or the member's attainment of the earliest age of eligibility for reduced Social Security retirement benefits, but no later than age sixty-two.

5. The annuity described in subsection 2 of this section for any person who has credited service not covered by the federal Social Security Act, as provided in **[**~~sections 105.300 to 105.430~~**] subdivision (1) of subsection 7 of section 104.342**, shall be calculated as follows: the life annuity shall be an amount equal to two and five-tenths percent of the final average pay of the member multiplied by the number of years of service not covered by the federal Social Security Act in addition to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service covered by the federal Social Security Act.

6. Effective July 1, 2002, any member, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond the date of normal retirement eligibility, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date. The member's selection of a retroactive starting date shall be done

in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions of this section, with the exception that it shall be the amount which would have been payable at the annuity starting date had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this subsection, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a life annuity. The member shall **[**~~elect to~~**]** receive the lump sum amount **[**~~either~~**]** in its entirety at the same time as the initial annuity payment is made **[**~~or in three equal annual installments with the first payment made at the same time as the initial annuity payment~~**]**; **and**

(4) **[**~~Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.1051 shall be calculated as follows:~~

~~(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered credited service except for purposes of calculating the division of benefit; and~~

~~(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and~~

~~(5)~~**]** For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

7. Any vested former member who terminated employment after attaining normal retirement eligibility shall be considered a member for the purposes of this section.

104.1051. 1. Any annuity provided pursuant to the year 2000 plan is marital property and a court of competent jurisdiction may divide such annuity between the parties to any action for dissolution of marriage if at the time of the dissolution the member has at least five years of credited service pursuant to sections 104.1003 to 104.1093. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member;

(2) Shall not require the applicable retirement system to commence payments until the member's annuity starting date;

(3) Shall identify the monthly amount to be paid to the former spouse, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the period of the marriage of the member and former spouse **excluding service accrued under subsection 2 of section 104.1021;** and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately upon the annuity starting date if the member's annuity is reduced due to the receipt of an early retirement annuity or the member's annuity is reduced pursuant to section 104.1027 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage;

(4) Shall not require the payment of an annuity amount to the member and former spouse which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any annuity increases, additional years of credited service, increased final average pay, increased pay pursuant to subsections 2 and 5 of section 104.1084, or other type of increases accrued after the date of the dissolution of marriage and any temporary annuity received pursuant to subsection 4 of section 104.1024 shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any cost-of-living adjustment (COLA) due after the annuity starting date shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the former spouse, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system shall provide the court having jurisdiction of a dissolution of a marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member, or the member's spouse, citing this section and identifying the case number and parties.

3. A system shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the former spouse;

(2) The order is inconsistent with any law governing the retirement system.

4. Any member of the closed plan who elected the year 2000 plan pursuant to section 104.1015 and then becomes divorced and subject to a division of benefits order shall have the division of benefits order calculated pursuant to the provisions of the year 2000 plan.

5. Any annuity payable under section 104.1024 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or pay of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or pay; and

(2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefit order.

104.1060. 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**]** **member's annuity starting date or the** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

3. A board shall not pay an annuity to any survivor or beneficiary who is charged with the intentional killing of a member, retiree or survivor without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive an annuity. If the survivor or beneficiary is not convicted of such charge, the board shall resume annuity payments and shall pay the survivor or beneficiary any annuity payments that were suspended pending resolution of such charge.

104.1066. 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent of payroll amortization~~**]** **calculation**. For purposes of this subsection and section 104.436, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such

appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the **[**~~highways and~~**]** **Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.

5. To the extent that the board enters or has entered into any contract with any insurer or service organization to provide life insurance provided for pursuant to this section:

(1) The obligation to provide such life insurance shall be primarily that of the insurer or service organization and secondarily that of the board;

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

104.1084. 1. For members of the general assembly, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least three full biennial assemblies or the attainment of at least age fifty for a member who has served at least three full biennial assemblies with a total of years of age and years of credited service which is at least eighty. A member shall receive two years of credited service for every full biennial assembly served. A full biennial assembly shall be equal to the period of time beginning on the first day the general assembly convenes for a first regular session until the last day of the following year. If a member serves less than a full biennial assembly, the member shall receive credited service for the pro rata portion of the full biennial assembly served.

2. For the purposes of section 104.1024, the normal retirement annuity of a member of the general assembly shall be an amount for life equal to one twenty-fourth of the monthly pay for a senator or representative on the annuity starting date multiplied by the years of credited service as a member of the general assembly. In no event shall any such member or eligible beneficiary receive annuity amounts in excess of one hundred percent of pay.

3. To be covered by the provisions of section 104.1030, or section 104.1036, a member of the general assembly must have served at least three full biennial assemblies.

4. For members who are statewide elected officials, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least four years as a statewide elected official, or the attainment of age fifty with a total of years of age and years of such credited service which is at least eighty.

5. For the purposes of section 104.1024, the normal retirement annuity of a member who is a statewide elected official shall be an amount for life equal to one twenty-fourth of the monthly pay in the highest office held by such member on the annuity starting date multiplied by the years of credited service as a statewide elected official not to exceed twelve years.

6. To be covered by the provisions of sections 104.1030 and 104.1036, a member who is a statewide elected official must have at least four years as a statewide elected official.

7. The provisions of section 104.1045 shall not apply to persons covered by the general assembly and statewide elected official provisions of this section. Persons covered by the general assembly provisions and receiving a year 2000 plan annuity shall be entitled to a cost-of-living adjustment (COLA) when there are increases in pay for members of the general assembly. Persons covered by the statewide elected official provisions and receiving a year 2000 plan annuity shall be entitled to COLAs when there are increases in the pay for statewide elected officials in the highest office held by such person. The COLA described in this subsection shall be equal to and concurrent with the percentage increase in pay as described in section 105.005. No COLA shall be less than zero.

8. Any member who serves under this chapter as a member of the general assembly or as a statewide elected official on or after August 28, 1999, shall not be eligible to receive any retirement benefits from the system under either the closed plan or the year 2000 plan based on service rendered on or after August 28, 1999, as a member of the general assembly or as a statewide elected official if such member is convicted of a felony that is determined by a court of law to have been committed in connection with the member's duties either as a member of the general assembly or as a statewide elected official, unless such conviction is later reversed by a court of law.

9. A member of the general assembly who has purchased or transferred creditable service shall not be subject to the cap on benefits pursuant to subsection 2 of this section for that portion of the benefit attributable to the purchased or transferred service.

10. 2. A member's normal retirement eligibility shall be as follows:

(1) The member's attainment of at least age sixty-seven and the completion of at least ten years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with ten years of credited service;

(2) For members of the general assembly, the member's attainment of at least age sixty-two and the completion of at least three full biennial assemblies; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety;

(3) For statewide elected officials, the official's attainment of at least age sixty-two and the completion of at least four years of credited service; or the official's attainment of at least age fifty-five with the sum of the official's age and credited service equaling at least ninety.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A vested former member **who terminated employment prior to the attainment of early retirement eligibility** shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2014, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system **[**~~after~~**] within an administratively reasonable period, but no sooner than** ninety days from the date of termination of employment **[**~~or the request, whichever is later, and~~**]. The amount refunded** shall include all **employee** contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any **[**~~long-term~~**]** disability benefits; provided that any member or vested former member receiving **[**~~long-term~~**]** disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits

received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

(5) To adopt rules and regulations necessary or advisable for the implementation of sections 285.1000 to 285.1055 and the administration and operation of the plan consistent with the Internal Revenue Code and regulations thereunder, including to ensure that the plan satisfies all criteria for favorable federal tax-qualified treatment, and complies, to the extent necessary, with ERISA and any other applicable federal or Missouri law. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void;

(6) To arrange for and facilitate compliance with the plan or arrangements established thereunder with all applicable requirements for the plan under the Internal Revenue Code, ERISA, and any other applicable federal or Missouri law and accounting requirements, and to provide or arrange for assistance to eligible employers, eligible employees, and self-employed individuals in complying with applicable law and tax-related requirements in a cost-effective manner. The board may establish any processes deemed reasonably necessary or advisable to verify whether a person or entity is an eligible employer, including reference to online data and possible use of questions in employer tax filings;

(7) To employ or retain a plan administrator; executive director; staff; trustee; record-keeper; investment managers; investment advisors; and other administrative, professional, and expert advisors and service providers, none of whom shall be members of the board and all of whom shall serve at the pleasure of the board, which shall determine their duties and compensation. The board may authorize the executive director and other officials to oversee requests for proposals or other public competitions and enter into contracts on behalf of the board or conduct any business necessary for the efficient operation of the plan or the board;

(8) To establish procedures for the timely and fair resolution of participant and other disputes related to accounts or program operation and, if necessary, determine the eligibility of an employer, employee, or other individual to participate in the plan;

(9) To develop and implement an investment policy that defines the plan's investment objectives, consistent with the objectives of the plan, and that provides for policies and procedures consistent with those investment objectives;

(10) (a) To designate appropriate default investments that include a mix of asset classes, such as target date and balanced funds;

(b) To seek to minimize participant fees and expenses of investment and administration;

(c) To strive to design and implement investment options available to holders of accounts established as part of the plan and other plan features that are intended to achieve maximum possible income replacement balanced with an appropriate level of risk, consistent with the investment objectives under the investment policy. The investment options may encompass a range of risk and return opportunities and allow for a rate of return commensurate with an appropriate level of risk in view of the investment objectives under the policy. The menu of investment options shall be determined taking into account the nature and

objectives of the plan, the desirability of limiting investment choices under the plan to a reasonable number, based on behavioral research findings, and the extensive investment choices available to participants in the event that funds roll over to an individual retirement account (IRA) outside the program; and

(d) In accordance with subdivision (7) of this subsection, the board, to the extent it deems necessary or advisable, in carrying out its responsibilities and exercising its powers under sections 285.1000 to 285.1055, shall employ or retain appropriate entities or personnel to assist or advise it or to whom to delegate the carrying out of such responsibilities and exercising of such powers;

(11) To discharge its duties and see that the members of the board discharge their duties with respect to the plan solely in the interests of the participants as follows:

(a) For the exclusive purpose of providing benefits to participants and defraying reasonable expenses of administering the plan; and

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with those matters would use in the conduct of an enterprise of a like character and with like aims;

(12) To cause expenses incurred to initiate, implement, maintain, and administer the plan to be paid from contributions to, or investment returns or assets of the plan or other moneys collected by or for the plan or pursuant to arrangements established under the plan to the extent permitted under federal and Missouri law;

(13) To collect application, account, or administrative fees and to accept any grants, gifts, legislative appropriations, loans, and other moneys from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, or entity to defray the costs of administering and operating the plan;

(14) To make and enter into competitively procured contracts, agreements, or arrangements with; to collaborate and cooperate with; and to retain, employ, and contract with or for any of the following to the extent necessary or desirable for the effective and efficient design, implementation, and administration of the plan consistent with the purposes set forth in sections 285.1000 to 285.1055 and to maximize outreach to eligible employers and eligible employees:

(a) Services of private and public financial institutions, depositories, consultants, actuaries, counsel, auditors, investment advisors, investment administrators, investment management firms, other investment firms, third-party administrators, other professionals and service providers, and state public retirement systems;

(b) Research, technical, financial, administrative, and other services; and

(c) Services of other state agencies to assist the board in the exercise of its powers and duties;

(15) To develop and implement an outreach plan to gain input and disseminate information regarding the plan and retirement savings in general;

(16) To cause moneys to be held and invested and reinvested under the plan;

(17) To ensure that all contributions under the plan shall be used only to:

(a) Pay benefits to participants under the plan;

(b) Pay the costs of administering the plan; and

(c) Make investments for the benefit of the plan, and ensure that no assets of the plan or trust are transferred to the general revenue fund or to any other fund of the state or are otherwise encumbered or used for any purpose other than those specified in this paragraph or section 285.1045;

(18) To make provisions for the payment of costs of administration and operation of the program and trust;

(19) To evaluate the need for and procure as needed insurance against any and all loss in connection with the property, assets, or activities of the program, including fiduciary liability coverage;

(20) To evaluate the need for and procure as needed pooled private insurance;

(21) To indemnify, including procurement of insurance as needed for this purpose, each member of the board from personal loss or liability resulting from a member's action or inaction as a member of the board and as a fiduciary;

(22) To collaborate with and evaluate the role of financial advisors or other financial professionals, including in assisting and providing guidance for covered employees; and

(23) To carry out the powers and duties of the program under sections 285.1000 to 285.1055 and exercise any and all other powers as are appropriate to effect the purposes, objectives, and provisions of such sections pertaining to the program.

3. A board member, program administrator, or other staff of the board shall not:

(1) Directly or indirectly, have any interest in the making of any investment under the program or in any gains or profits accruing from any such investment;

(2) Borrow any program-related funds or deposits, or use any such funds or deposits in any manner, for himself or herself or as an agent or partner of others; or

(3) Become an endorser, surety, or obligor on investments made under the program.

4. Each board member shall be subject to the provisions of sections 105.452 and 105.454.

285.1015. 1. The board shall, consistent with federal law and regulation, adopt and implement the plan, which shall remain in compliance with federal law and regulations once implemented and shall be called the "Show-Me MyRetirement Savings Plan".

2. In accordance with terms and conditions specified and regulations promulgated by the board, the plan shall:

(1) Be set forth in documents prescribing the terms and conditions of the plan;

(2) Be available on a voluntary basis to eligible employers and self-employed individuals;

(3) Be available to eligible members of an association who may elect to participate in the plan if the association or its members do not maintain a plan or a specified tax-favored retirement plan, other than the Show-Me MyRetirement Savings plan;

(4) Enroll self-employed individuals who wish to participate;

(5) Provide participants the option to terminate their participation at any time;

(6) Allow voluntary pre-tax or designated Roth 401(k) contributions;

(7) Allow voluntary employer contributions;

(8) Be overseen by the board and its designees;

(9) Be administered and managed by one or more trustees, other fiduciaries, custodians, third-party administrators, investment managers, record-keepers, or other service providers;

(10) Provide on a uniform basis, if and when the board so determines, in its discretion, for an increase of each participant's contribution rate, by a minimum increment of one percent of salary or wages per year, for each additional year the participant is employed or is participating in the plan up to the maximum percentage of such participant's salary or wages that may be contributed to the plan under federal law. Any such increases shall apply to participants, as determined by the board, by default or only if initiated by affirmative participant election;

(11) Provide for direct deposit of contributions into investments under the plan. To the extent consistent with ERISA, the investment alternatives under the plan shall be limited to an automatic investment for participants who do not actively and affirmatively elect a particular investment option, which unless the board provides otherwise, shall be a diversified target date fund, including a series of such diversified funds to apply to different participants depending on their choice or their target retirement dates, a principal-protected option, and at least four additional investment alternatives as may be selected by the board in its discretion. To the extent consistent with ERISA, the investment options may, at the discretion of the board, include a principal-protection fund as a temporary "security corridor" option that applies as the sole initial investment before participants may choose other investments or as the initial default investment for a specified period of time or up to a specified dollar amount of contributions or account balance;

(12) Be professionally managed;

(13) Provide for reports on the status of each participant's account to be provided to each participant at least quarterly and make best efforts to provide participants frequent or continual online access to information on the status of their accounts;

(14) When possible and practicable, use existing employer and public infrastructure to facilitate contributions, record keeping, and outreach and use pooled or collective investment arrangements;

(15) Provide that each account holder owns the contributions to or earnings on amounts contributed to his or her account under the plan and that the state and employers have no proprietary interest in those contributions or earnings;

(16) Be designed and implemented in a manner consistent with federal law to the extent that it applies;

(17) Make provisions for the participation in the plan of individuals who are not employees, if allowed under federal law;

(18) Establish rules and procedures governing the distribution of funds from the plan, including such distributions as may be permitted or required by the plan and any applicable provisions of ERISA, the tax-qualification rules, and the other tax laws, with the objectives of maximizing financial security in retirement, protecting spousal rights, and assisting participants to effectively manage the decumulation of

their savings and to receive payment of their benefits under the plan. The board shall have the authority, in its discretion, to provide for one or more reasonably priced distribution options to provide a source of fixed regular retirement income, including income for life or for the participant's life expectancy, or for joint lives and life expectancies, as applicable;

(19) Establish rules and procedures promoting portability of benefits, including the ability to make roll-overs or transfers to and from the plan that are exempt from federal income tax, provided that any roll-over is initiated by participants; and

(20) Encourage choices by employers in the state to adopt a specified tax-favored retirement plan, including the plan.

285.1020. The board shall adopt rules to implement the plan that:

(1) Establish the processes for enrollment and contributions under the plan, including withholding by participating employers of employee payroll deduction contributions from wages and remittance for deposit to the plan; voluntary contributions by others, including self-employed individuals and independent contractors, through payroll deduction or otherwise; the making of default contributions using default investments; and participant selection of alternative contribution rates or amounts and alternative investments from among the options offered under the plan;

(2) Conduct outreach to individuals, employers, other stakeholders, and the public regarding the plan. The rules shall specify the contents, frequency, timing, and means of required disclosures from the plan to eligible employees, participants, and self-employed individuals, eligible employers, participating employers, and other interested parties. These disclosures shall include, but not be limited to:

(a) The benefits associated with tax-favored retirement saving;

(b) The potential advantages and disadvantages associated with participating in the plan;

(c) Instructions for enrolling and making contributions;

(d) The potential availability of a saver's tax credit, including the eligibility conditions for the credit and instructions on how to claim it;

(e) A disclaimer that employees seeking tax, investment, or other financial advice should contact appropriate professional advisors, and that participating employers are not in a position to provide such advice and are not liable for decisions individuals make in relation to the plan;

(f) The potential implications of account balances under the plan for the application of asset limits under certain public assistance programs;

(g) A disclaimer that the account owner is solely responsible for investment performance, including market gains and losses, and that plan accounts and rates of return are not guaranteed by any employer, the state, the board, any board member or state official, or the plan;

(h) Any additional information about retirement and saving and other information designed to promote financial literacy and capability, which may take the form of links to, or explanations of how to obtain, such information; and

(i) Instructions on how to obtain additional information about the plan; and

(3) Ensure that the assets of the trust and plan shall at all times be preserved, invested, and expended only for the purposes set forth in sections 285.1000 to 285.1055, and that no property rights therein shall exist in favor of the state, except as provided under section 285.1045.

285.1025. An eligible employer, a participating employer, or other employer is not and shall not be liable for or bear responsibility for:

(1) An employee's decision as to which investments to choose;

(2) Participants' or the board's investment decisions;

(3) The administration, investment, investment returns, or investment performance of the plan including, but not limited to, any interest rate or other rate of return on any contribution or account balance, provided that the eligible employer, participating employer, or other employer is not involved in the administration or investment of the plan;

(4) The plan design or the benefits paid to participants; or

(5) Any loss, failure to realize any gain, or any other adverse consequences including, but not limited to, any adverse tax consequences or loss of favorable tax treatment, public assistance, or other benefits, incurred by any person solely and directly as a result of participating in the plan.

285.1030. 1. The state of Missouri; the board; each member of the board; any other state official, state board, commission, and agency; any member, officer, and employee thereof; and the plan:

(1) Shall not guarantee any interest rate or other rate of return on or investment performance of any contribution or account balance; and

(2) Shall not be liable or responsible for any loss, deficiency, failure to realize any gain, or any other adverse consequences including, but not limited to, any adverse tax consequences or loss of favorable tax treatment, public assistance, or other benefits, incurred by any person as a result of participating in the plan.

2. The debts, contracts, and obligations of the plan or the board are not the debts, contracts, and obligations of the state, and neither the faith and credit nor the taxing power of the state is pledged directly or indirectly to the payment of the debts, contracts, and obligations of the plan or the board.

3. Nothing in sections 285.1000 to 285.1055 shall be construed to guarantee any interest rate or other rate of return on or investment performance of any contribution or account balance.

285.1035. 1. Individual account information relating to accounts under the plan and relating to individual participants including, but not limited to, names, addresses, telephone numbers, email addresses, personal identification information, investments, contributions, and earnings shall be confidential and shall be maintained as confidential, provided that such information may be disclosed:

(1) To the extent necessary to administer the plan in a manner consistent with sections 285.1000 to 285.1055, ERISA, the Internal Revenue Code, or any other federal or Missouri law; or

(2) If the individual who provides the information or who is the subject of the information expressly agrees in writing to the disclosure of the information.

2. Information required to be confidential under subsection 1 of this section shall be considered a "closed record" as that term is defined in section 610.010, regardless as to whether such information has been disclosed as allowed by subsection 1 of this section.

285.1040. The board may enter into an intergovernmental agreement or memorandum of understanding with the state of Missouri, another state or states, and any agency thereof to receive outreach, technical assistance, enforcement and compliance services, collection or dissemination of information pertinent to the plan, subject to such obligations of confidentiality as may be agreed or required by law, or other services or assistance. The state of Missouri, another state or states, and any agency thereof that enters into such agreements or memoranda of understanding shall collaborate to provide the outreach, assistance, information, and compliance or other services or assistance to the board. The memoranda of understanding may cover the sharing of costs incurred in gathering and disseminating information and the reimbursement of costs for any enforcement activities or assistance.

285.1045. 1. There is hereby created in the state treasury the "Show-Me MyRetirement Savings Administrative Fund", which shall consist of moneys collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Subject to appropriation, moneys in the fund shall be distributed by the state treasurer solely for the administration of sections 285.1000 to 285.1055.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The Show-Me MyRetirement Savings administrative fund shall consist of:

(1) Moneys appropriated to the administrative fund by the general assembly;

(2) Moneys transferred to the administrative fund from the federal government, other state agencies, or local governments;

(3) Moneys from the payment of application, account, administrative, or other fees and the payment of other moneys due to the board;

(4) Any gifts, donations, or grants made to the state of Missouri for deposit in the administrative fund;

(5) Moneys collected for the administrative fund from contributions to, or investment returns or assets of, the plan or other moneys collected by or for the plan or pursuant to arrangements established under the plan to the extent permitted under federal and Missouri law; and

(6) Earnings on moneys in the administrative fund.

5. To the extent consistent with ERISA, the tax qualification rules, and other federal law, the board shall accept any grants, gifts, appropriations, or other moneys from the state; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity solely for deposit into the administrative fund, whether for investment or administrative expenses.

6. To enable or facilitate the start-up and continuing operation, maintenance, administration, and management of the program until the plan accumulates sufficient balances and can generate sufficient funding through fees assessed on program accounts for the plan to become financially self-sustaining:

(1) The board may borrow from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity working capital funds and other funds as may be necessary for this purpose, provided that such funds are borrowed in the name of the plan and board only and that any such borrowings shall be payable solely from the revenues of the plan; and

(2) The board may enter into long-term procurement contracts with one or more financial providers that provide a fee structure that would assist the plan in avoiding or minimizing the need to borrow or to rely upon general assets of the state.

7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

8. The board may use the moneys in the administrative fund solely to pay the administrative costs and expenses of the plan and the administrative costs and expenses the board incurs in the performance of its duties under sections 285.1000 to 285.1055.

9. The state treasurer's office shall follow the competitive bids procedure adopted by the office of administration for the following:

(1) The contracting or hiring of a contractor with the relevant skills, knowledge, and expertise determined by the board for managing the program, every five years; and

(2) At the state treasurer's discretion, the contracting or hiring of a contractor who has qualified staff with the relevant skills, knowledge, and expertise as determined by the state treasurer's office when the number of the participants in the plan reaches fifty thousand participants.

The office of administration is authorized to provide the state treasurer's office with the necessary assistance and services as may be needed.

285.1050. 1. The board shall keep an accurate account of all the activities, operations, receipts, and expenditures of the plan, the trust, and the board. Each year, a full audit of the books and accounts of the board pertaining to those activities, operations, receipts and expenditures, personnel, services, or facilities shall be conducted by a certified public accountant and shall include, but not be limited to, direct and indirect costs attributable to the use of outside consultants, independent contractors, and any other persons who are not state employees for the administration of the plan. For the purposes of the audit, the auditors shall have access to the properties and records of the plan and board and may prescribe methods of accounting and the rendering of periodic reports in relation to projects undertaken by the plan.

2. By August first of each year, the board shall submit to the governor, the state treasurer, the president pro tempore of the senate, and the speaker of the house of representatives a public report on the operation of the plan and trust and activities of the board, including an audited financial report, prepared in accordance with generally accepted accounting principles, detailing the activities, operations, receipts, and expenditures of the plan and board during the preceding calendar year. The report shall also include a summary of the benefits provided by the plan, the number of participants, average account balance, the number of participating employers, the contribution formulas and amounts of contributions made by participants and by each participating employer, the withdrawals, the account balances, total assets under management, investments, investment returns, fees and expenses associated with the investments and with the administration of the plan, projected activities of the plan for the current calendar year, and any other information regarding the plan and its operations that the board may determine to provide.

285.1055. 1. The board shall establish the plan so that individuals are able to begin contributing under the plan on or before September 1, 2025.

2. The board may, in its discretion, phase in the plan so that the ability to contribute first applies on different dates for different classes of individuals, including employees of employers of different sizes or types and individuals who are not employees; provided that, any such staged or phased-in implementation schedule shall be substantially completed on or before September 1, 2025."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-THIRD DAY, THURSDAY, APRIL 13, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Eye hath not seen, nor ear heard, the things which God hath prepared for them that love Him." (I Corinthians 2:9)

Almighty and everlasting God, from whom all thoughts of truth and love proceed, kindle in our hearts and in the hearts of all Missourians a real love for the truth and a deep concern for charity.

Guide with Your wisdom those who lead our state and all who work with them under the beautiful dome of this capitol, that in all cooperation Your kingdom may go forward and Your will be done on earth.

Make real in our hearts the spirit of Your love, strengthen us by Your power, draw us closer to You, and in so doing, bind us together in a firm and faithful bond of unity in this historic chamber.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Asher Dinkins and Caroline Dinkins.

The Journal of the fifty-second day was approved as printed.

Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant

within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. This fee shall include the cost to reimburse the Missouri state highway patrol for the costs of fingerprinting and criminal background checks. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013."; and

(9) An affirmation that the applicant has received firearms safety training that meets the standards of applicant firearms safety training defined in subsection 1 or 2 of section 571.111;

(10) An affirmation that the applicant, to the applicant's best knowledge and belief, is not the respondent of a valid full order of protection which is still in effect;

(11) A conspicuous warning that false statements made by the applicant will result in prosecution for perjury under the laws of the state of Missouri; and

(12) A government-issued photo identification. This photograph shall not be included on the permit and shall only be used to verify the person's identity for the issuance of a new permit, issuance of a new permit due to change of name or address, renewal of an extended permit, or for a lost or destroyed permit, or reactivation under subsection 2 of this section.

5. An application for a Missouri lifetime or extended concealed carry permit shall be made to the sheriff of the county in which the applicant resides. An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the requirements specified in subsection 3 of this section. In addition to the completed application, the applicant for a Missouri lifetime or extended concealed carry permit shall also submit the following:

(1) A photocopy of a firearms safety training certificate of completion or other evidence of completion of a firearms safety training course that meets the standards established in subsection 1 or 2 of section 571.111; and

(2) A nonrefundable permit fee as provided by subsection 12 of this section.

6. (1) Before an application for a Missouri lifetime or extended concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification. No biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a Missouri lifetime or extended concealed carry permit. Upon receipt of the completed report from the National Instant Criminal Background Check System, the sheriff shall examine the results and, if no disqualifying information is identified, shall issue a Missouri lifetime or extended concealed carry permit within three working days.

(2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a Missouri lifetime or extended concealed carry permit issued under this section, provided that it shall not serve as an alternative to a national instant criminal background check required by 18 U.S.C. Section 922(t). The provisional permit shall remain valid until such time as the sheriff either issues or denies the permit under subsection 7 or 8 of this section. The sheriff shall revoke a

provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be prescribed in a manner consistent to the denial and review of an application under subsection 7 of this section.

7. The sheriff may refuse to approve an application for a Missouri lifetime or extended concealed carry permit if he or she determines that any of the requirements specified in subsection 3 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.205 to 571.230. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial under section 571.220. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial under section 571.220.

8. If the application is approved, the sheriff shall issue a Missouri lifetime or extended concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the Missouri lifetime or extended concealed carry permit in the presence of the sheriff or his or her designee.

9. The Missouri lifetime or extended concealed carry permit shall specify only the following information:

(1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;

(2) The signature of the sheriff issuing the permit;

(3) The date of issuance;

(4) A clear statement indicating that the permit is only valid within the state of Missouri; and

(5) If the permit is a Missouri extended concealed carry permit, the expiration date.

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

10. (1) The sheriff shall keep a record of all applications for a Missouri lifetime or extended concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year.

(2) The sheriff shall report the issuance of a Missouri lifetime or extended concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.205 to 571.230. An applicant's status as a holder of a Missouri lifetime or extended concealed carry permit or provisional permit shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

11. Information regarding any holder of a Missouri lifetime or extended concealed carry permit is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof.

12. For processing an application, the sheriff in each county shall charge a nonrefundable fee not to exceed:

(1) Two hundred dollars for a new Missouri extended concealed carry permit that is valid for ten years from the date of issuance or renewal;

(2) Two hundred fifty dollars for a new Missouri extended concealed carry permit that is valid for twenty-five years from the date of issuance or renewal;

(3) Fifty dollars for a renewal of a Missouri extended concealed carry permit;

(4) Five hundred dollars for a Missouri lifetime concealed carry permit,

which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

571.225. 1. Any person who has knowledge that another person, who was issued a Missouri lifetime or extended concealed carry permit under sections 571.205 to 571.230, never was or no longer is eligible for such permit under the criteria established in sections 571.205 to 571.230 may file a petition with the clerk of the small claims court to revoke that person's Missouri lifetime or extended concealed carry permit. The petition shall be in a form substantially similar to the petition for revocation of a Missouri lifetime or extended concealed carry permit provided in this section. **[**~~Appeal~~**] Revocation petition** forms shall be provided by the clerk of the small claims court free of charge to any person:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-FIFTH DAY, MONDAY, APRIL 17, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Darin Chappell.

Our God, and Father in Heaven,

We thank You for this day in which we are blessed to gather in the People's House to consider the People's business. We thank You for our individual abilities, which, when brought together in honest effort for good, become of far greater efficacy than any of us could be alone.

We ask, Father, that we would have the courage of our convictions, the intellectual integrity to have open minds, and the humility to sincerely ask ourselves, "What if I'm wrong?"

We ask that we would seek liberty, freedom, and the right, within the role of government, for our good, and Your glory.

We ask all this in Jesus's holy name, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-third day was approved as printed.

The Journal of the fifty-fourth day was approved as printed.

(3) A law enforcement agency with which a complaint of a missing child has been filed shall prepare, as soon as practicable, a standard missing child report. The missing child report shall be maintained as a record by the reporting law enforcement agency during the course of an active investigation;

(4) Upon the location of a missing person, or the determination by the law enforcement agency of jurisdiction that the person is no longer missing, the law enforcement agency which reported the missing person shall immediately remove the record of the missing person from the MULES and NCIC files.

2. No law enforcement agency shall prevent an immediate active investigation on the basis of an agency rule which specifies an automatic time limitation for a missing person investigation.

3. Any agency or placement provider with the care and custody of a child who is missing shall file a missing child complaint with the appropriate law enforcement agency within two hours of determining the child to be missing. The law enforcement agency shall immediately submit information as to the missing child to the National Center for Missing and Exploited Children (NCMEC) including, but not limited to, the name, date of birth, sex, race, height, weight, and eye and hair color of the child; a recent photograph of the child; and the date and location of the last known contact with the child. The law enforcement agency shall institute a proper investigation and search for the missing child and maintain contact with the agency or placement provider making the missing child complaint. The missing child's entry shall not be removed from any database or system until the child is found or the case is closed.

210.305. 1. When an initial emergency placement of a child is deemed necessary, the children's division shall immediately begin a diligent search to locate, contact, and place the child with a grandparent or grandparents or a relative or relatives of the child, subject to subsection 3 of section 210.565 regarding preference of placement, except when the children's division determines that placement with a grandparent or grandparents or a relative or relatives is not in the best interest of the child and subject to the provisions of section 210.482 regarding background checks for emergency placements. If emergency placement of a child with grandparents or relatives is deemed not to be in the best interest of the child, the children's division shall document in writing the reason for denial and shall have just cause to deny the emergency placement. The children's division shall continue the search for other relatives until the division locates the relatives of the child for placement or the court excuses further search. Prior to placement of the child in any emergency placement, the division shall assure that the child's physical needs are met.

2. For purposes of this section, the following terms shall mean:

(1) "Diligent search", an exhaustive effort to identify and locate the grandparents or relatives whose identity or location is unknown**. "Diligent search" shall include, but is not limited to:**

(a) Interviews with the child's parent during the course of an investigation, while child protective services are provided, and while such child is in care;

(b) Interviews with the child;

(c) Interviews with identified grandparents or relatives throughout the case;

(d) Interviews with any other person who is likely to have information about the identity or location of the person being sought;

(e) Comprehensive searches of databases available to the children's division and likely to result in identifying and locating the person being sought;

(f) Appropriate inquiry during the course of hearings in the case; and

(g) Any other reasonable means that are likely to identify grandparents, relatives, or other persons who have demonstrated an ongoing commitment to the child;

(2) "Emergency placement", those limited instances when the children's division is placing for an initial placement a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

3. A diligent search shall be made to locate, contact, and notify the grandparent or grandparents of the child within three hours from the time the emergency placement is deemed necessary for the child. During such three-hour time period, the child may be placed in an emergency placement. If a grandparent or grandparents of the child cannot be located within the three-hour period, the child may be temporarily placed in emergency placement; except that, after the emergency placement is deemed necessary, the children's division shall continue a diligent search to contact, locate, and place the child with a grandparent or grandparents, or other relatives, with first consideration given to a grandparent for placement, subject to subsection 3 of section 210.565 regarding preference of placement.

4. A diligent search shall be made to locate, contact, and notify the relative or relatives of the child within thirty days from the time the emergency placement is deemed necessary for the child. The children's division shall continue the search for the relative or relatives until the division locates the relative or relatives of the child for placement**, for six months following the child's out-of-home placement,** or the court excuses further search**, whichever occurs first**. **The department shall resume search efforts if ordered by the court, a change in the child's placement occurs, or a party shows that continuing the search is in the best interests of the child.** The children's division, or an entity under contract with the division, shall use all sources of information, including any known parent or relative, to attempt to locate an appropriate relative as placement.

5. **[**~~Search progress under subsection 3 or 4 of this section shall be reported at each court hearing until the grandparents or relatives are either located or the court excuses further search.~~**]** **The children's division shall file with the court information regarding attempts made under this section within thirty days from the date the child was removed from his or her home, or as otherwise required by the court, and at each periodic review hearing. Such information shall include:**

(1) A detailed narrative explaining the division's efforts to find and consider each potential placement and the specific outcome;

(2) The names of and relevant information about grandparents and relatives of the child;

(3) Steps taken by the division to locate and contact grandparents and relatives of the child;

(4) Responses received from grandparents and relatives of the child;

(5) Dates of each attempted or completed contact with a grandparent or relative of the child;

(6) Reasons why a grandparent or relative of the child was not considered for emergency or permanent placement of the child; and

(7) All efforts for placement of the child through an interstate compact agreement under section 210.620, including:

(a) The names of grandparents or relatives of the child who were considered for an interstate placement;

(b) Any pending placement of the child through an interstate compact agreement; and

(c) All potential out-of-state placements outside of an interstate compact agreement and the reasons such placements have not been initiated.

If an out-of-state placement option exists and the division has failed to file a request with the receiving state under the requirements of an interstate compact agreement under section 210.620, the court shall enter a finding that the division has not made a due diligence search and shall order the division to file a request with the receiving state under the terms of the interstate compact.

6. **All grandparents or relatives to the child identified in a diligent search required by this section, subject to exceptions due to family or domestic violence or other safety concerns, shall be provided with notice, via certified mail as appropriate, that includes, but is not limited to:**

(1) A specification that an alleged dependent child has been or is being removed from his or her parental custody;

(2) An explanation of the options a grandparent or relative has to participate in the care and placement of the alleged dependent child and any options that may be lost by failing to respond to the notice;

(3) A description of the process for becoming a licensed foster family home and the additional services and supports available for children placed in approved foster homes;

(4) A description of any financial assistance for which a grandparent or relative may be eligible; and

(5) An explanation that any response received after thirty days or willful failure to respond upon receiving a notice may result in the grandparent or relative of the child not being considered for placement.

7. If a grandparent or relative entitled to notice under this section fails to respond to the division, responds and declines to be considered as placement for the child, or is otherwise presently prevented from being considered as placement for the child and later petitions the court for a change in placement, such person shall provide evidence that such change is in the child's best interests.

8. Nothing in this section shall be construed or interpreted to interfere with or supersede laws related to parental rights or judicial authority.

210.565. 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 4 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary **and under section 210.305**, the children's division shall complete a diligent search to locate and notify the grandparents, adult siblings, parents of siblings of the child, and all other relatives and determine whether they wish to be considered for placement of the child. Grandparents who request consideration shall be given preference and first consideration for foster home placement of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement.

2. As used in this section, the following terms shall mean:

(1) "Adult sibling", any brother or sister of whole or half-blood who is at least eighteen years of age;

(2) "Relative", a grandparent or any other person related to another by blood or affinity or a person who is not so related to the child but has a close relationship with the child or the child's family. **A foster parent or kinship caregiver with whom a child has resided for nine months or more is a person who has a close relationship with the child.** The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter;

(3) "Sibling", one of two or more individuals who have one or both parents in common through blood, marriage, or adoption, including siblings as defined by the child's tribal code or custom.

3. The following shall be the order or preference for placement of a child under this section:

(1) Grandparents;

(2) Adult siblings or parents of siblings;

(3) Relatives **[**~~related by blood or affinity within the third degree~~**]**; **and**

(4) **[**~~Other relatives; and~~

~~(5)~~**]** Any foster parent who is currently licensed and capable of accepting placement of the child.

4. The preference for placement and first consideration for grandparents or preference for placement with other relatives created by this section shall only apply where the court finds that placement with such grandparents or other relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with grandparents or other relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than grandparents or other relatives. **Absent evidence to the contrary, the court may presume that continuation of the child's placement with his or her current caregivers is in the child's best interests.**

5. Recognizing the critical nature of sibling bonds for children, the children's division shall make reasonable efforts to place siblings in the same foster care, kinship, guardianship, or adoptive placement, unless doing so would be contrary to the safety or well-being of any of the siblings. If siblings are not placed together, the children's division shall make reasonable efforts to provide frequent visitation or other ongoing interaction between the siblings, unless this interaction would be contrary to a sibling's safety or well-being.

6. The age of the child's grandparent or other relative shall not be the only factor that the children's division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such grandparent or other relative.

7. For any Native American child placed in protective custody, the children's division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

8. A grandparent or other relative may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the grandparent's or relative's home. In addition, any person receiving a preference may be licensed in an expedited manner if a child is placed under such person's care.

9. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests.

210.795. 1. (1) A child in the care and custody of the children's division whose physical whereabouts are unknown to the division, the child's physical custodian, or contracted service providers shall be considered missing and the case manager or placement provider shall immediately inform a law enforcement agency having jurisdiction and the National Center for Missing and Exploited Children within two hours of discovery that the child is missing.

(2) The case manager shall document the report number and any relevant information in the child's record.

(3) Within twenty-four hours of a report being made under this subsection, the department shall inform and obtain information about the child's disappearance from the child's parents, known relatives, out-of-home caregivers, attorney, guardian or guardian ad litem, court appointed special advocate, juvenile officer, or Indian tribe, as applicable, or from any other person known to the department who may have relevant information regarding the child's disappearance.

(4) The case manager shall:

(a) Within one week and monthly thereafter, maintain contact with the child's family members, friends, school faculty, and service providers and with any other person or agency involved in the child's case;

(b) Document ongoing efforts to locate the child; and

(c) Continue contacting law enforcement about the missing child and shall make quarterly reports to the court about the status of the child and efforts to locate the child.

The department shall contact law enforcement every seven days and document the information provided and any information received.

(5) The division shall not petition the court for a release of jurisdiction for the child or stop searching for the child while the child is missing until the child reaches the age of twenty-one.

2. The division shall maintain protocols, including appropriate trainings, for conducting ongoing searches for children missing from care. Such protocols shall include preventative measures to identify and mitigate risk to children who are at increased risk for running away or disappearing or of being victims of trafficking as defined under section 566.200.

3. The division shall ensure that each child in the care and custody of the division has an updated photograph in the child's record.

4. When a child is located, the department shall:

(1) Inform all law enforcement agencies and organizations involved in the child's case; and

(2) Have in-person contact with the child within twenty-four hours after the child is located to assess the child's health, experiences while absent, the appropriateness of the child returning to the child's current placement, and the factors that contributed to the child's absence.

5. Any employee or contractor with the children's division, child welfare agencies, other state agencies, or schools shall, upon becoming aware that an emancipated minor as defined in section 302.178, a homeless youth as defined in section 167.020, or an unaccompanied minor as defined in section 210.121 is missing, inform the appropriate law enforcement agency and the National Center for Missing and Exploited Children within twenty-four hours.

6. Within twenty-four hours of a missing child being found, the division shall assess whether the child was a victim of trafficking and determine any factors that caused the child to go missing.

7. The legislature may require an annual independent audit of the department's compliance with this section."; and

(1) The use of restraints is necessary due to one of the following factors:

(a) Instruments of restraint are necessary to prevent physical harm to the child or another person;

(b) The child has a history of disruptive courtroom behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or

"67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The _____ (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefited within the district for the purpose of providing revenue for _____ (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by _____ (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed _____ dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on _____ (insert date). 4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. Any special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. 6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

5. Notwithstanding any provision of this section to the contrary, all property owned by an entity that is exempt from taxation pursuant to 26 U.S.C. Section 501(c) shall be exempt from any property tax levied by a district pursuant to this section."; and

The notice shall include the name of the officer or agency calling the election, the date and time of the election, the name of the office to be filled and the date by which candidates must be selected or filed for the office. Within one week prior to each special election to fill a vacancy held in its jurisdiction, the election authority shall cause legal notice of the election to be published in two newspapers of different political faith and general circulation in the jurisdiction. The legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot. The notice shall be published in two newspapers of different political faith and qualified pursuant to chapter 493 which are published within the bounds of the area holding the election. If there is only one so-qualified newspaper, then notice shall be published in only one newspaper. If there is no newspaper published within the bounds of the election area,

Each such legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot; and, unless notice has been given as provided by section 115.129, the second publication of notice of the election shall include the location of polling places. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the candidate agrees to pay any printing or reprinting costs, a candidate who has filed for an office or who has been duly nominated for an office may, at any time after the certification of the notice of election required in subsection 1 of section 115.125 but no later than 5:00 p.m. on the eighth Tuesday before the election, withdraw as a candidate pursuant to a court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the candidate to the circuit court of the area of such candidate's residence.

(2) The following steps shall be taken to establish a voter's eligibility to vote at a polling place:

(a) The election judge shall examine the precinct register as provided in section 115.425. If the voter is registered and eligible to vote at the polling place, the voter shall receive a regular ballot;

(b) If the voter's eligibility cannot be immediately established by examining the precinct register, the election judge shall contact the election authority. If the election authority cannot immediately establish that the voter is registered and eligible to vote at the polling place upon examination of the Missouri voter registration system, or if the election judge is unable to make contact with the election authority immediately, the voter shall be notified that the voter is entitled to a provisional ballot.

Provisional ballots cast at a polling place shall be counted only if the voter was eligible to vote at such polling place as provided in subsection 5 of this section.

(4) For a voter requesting an absentee ballot in person, such voter shall be entitled to cast a provisional ballot when the voter's eligibility cannot be immediately established upon examination of the precinct registers or the Missouri voter registration system.

(5) Prior to accepting any provisional ballot at the polling place, the election judges shall determine that the information provided on the provisional ballot envelope by the provisional voter is consistent with the identification provided by such person under section 115.427.

3. (1) No person shall be entitled to receive a provisional ballot until such person has completed a provisional ballot affidavit on the provisional ballot envelope.

(2) The secretary of state shall produce appropriate sizes of provisional ballot envelopes and distribute them to each election authority according to their tabulating system. The voter may provide additional information to further assist the election authority in determining eligibility, including the place and date the voter registered to vote, if known.

5. (1) Prior to counting any provisional ballot, the election authority shall determine if the voter is registered and eligible to vote and if the vote was properly cast. The eligibility of provisional votes shall be determined according to the requirements for a voter to cast a ballot in the election as set forth in sections 115.133 and 115.135. A provisional **[**~~voter~~**]** ballot shall not be eligible to be counted until the election authority has determined that:

(a) The voter cast such provisional ballot at a polling place established for the voter or the central polling place established by the election authority under subsection 5 of section 115.115;

(b) The individual who cast the provisional ballot is an individual registered to vote in the respective election at the polling place where the ballot was cast;

(c) The voter did not otherwise vote in the same election by regular ballot, absentee ballot, or otherwise; and

(d) The information on the provisional ballot envelope is found to be correct, complete, and accurate.

(2) When the ballot boxes are delivered to the election authority from the polling places, the receiving teams shall separate the provisional ballots from the rest of the ballots and place the sealed provisional ballot envelopes in a separate container. Teams of election authority employees or teams of election judges with each team consisting of one member of each major political party shall photocopy each provisional ballot envelope, such photocopy to be used by the election authority to determine provisional voter eligibility. The sealed provisional ballot envelopes shall be placed by the team in a sealed container and shall remain therein until tabulation.

(3) To determine whether a provisional ballot is valid and entitled to be counted, the election authority shall examine its records and verify that the provisional voter is properly registered and eligible to vote in the election. If the provisional voter has provided information regarding the registration agency where the provisional voter registered to vote, the election authority shall make an inquiry of the registration agency to determine whether the provisional voter is properly registered and eligible to vote in the election.

(4) If the election authority determines that the provisional voter is registered and eligible to vote in the election, the election authority shall provide documentation verifying the voter's eligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time; and

(d) A description of evidence found that supports the voter's eligibility.

(5) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and a notation marking it as accepted.

(6) If the election authority determines that the provisional voter is not registered or eligible to vote in the election, the election authority shall provide documentation verifying the voter's ineligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time;

(d) A description of why the voter is ineligible.

(7) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and notation marking it as rejected.

(8) If rejected, a photocopy of the envelope shall be made and used by the election authority as a mail-in voter registration. The actual provisional ballot envelope shall be kept as ballot material, and the copy of the envelope shall be used by the election authority for registration record keeping.

6. All provisional ballots cast by voters whose eligibility has been verified as provided in this section shall be counted in accordance with the rules governing ballot tabulation. Provisional ballots shall not be counted until all provisional ballots are determined either eligible or ineligible and all provisional ballots must be processed before the election is certified. The provisional ballot shall be counted only if the election authority determines that the voter is registered and eligible to vote. Provisional ballots voted in the wrong polling place shall not be counted. If the voter is not registered but is qualified to register for future elections, the affidavit shall be considered a mail-in application to register to vote pursuant to this chapter.

7. (1) After the election authority completes its review of the provisional voter's eligibility under subsection 5 of this section, the election authority shall deliver the provisional ballots and copies of the provisional ballot envelopes that include eligibility information to bipartisan counting teams, which may be the board of verification, for review and tabulation. The election authority shall maintain a record of such delivery. The record shall include the number of ballots delivered to each team and shall include a signed receipt from two judges, one from each major political party. The election authority shall provide each team with a ballot box and material necessary for tabulation.

(3) If the person named on the provisional ballot affidavit is found not to have been properly qualified and registered to cast a ballot in the election or if the election authority is unable to determine such person's right to vote, the envelope containing the provisional ballot shall not be opened, and the person's vote shall not be counted. The members of the team shall follow the procedures set forth in subsection 5 of this section for rejected provisional ballots.

(4) The votes shall be tallied and the returns made as provided in sections 115.447 to 115.525 for paper ballots. After the vote on all ballots assigned to a team have been counted, the ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Voted provisional ballots and ballot envelopes from the election held _____, 20_____". All rejected provisional ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Rejected provisional ballots and ballot envelopes from the election held _____, 20_____". At the time an individual casts a provisional ballot, the election authority shall give

the voter written information that states that any individual who casts a provisional ballot will be able to ascertain under such free access system whether the vote was counted, and if the vote was not counted, the reason that the vote was not counted.

"Further amend said bill, Page 8, Section 94.902, Line 131, by inserting after all of said section and line the following:

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

(6) Tangible personal property which is used exclusively in the manufacturing, processing, modification or assembling of products sold to the United States government or to any agency of the United States government;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(13) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

(18) All sales of insulin, and all sales, rentals, repairs, and parts of durable medical equipment, prosthetic devices, and orthopedic devices as defined on January 1, 1980, by the federal Medicare program pursuant to Title XVIII of the Social Security Act of 1965, including the items specified in Section 1862(a)(12) of that act, and also specifically including hearing aids and hearing aid supplies and all sales of drugs which may be legally dispensed by a licensed pharmacist only upon a lawful prescription of a practitioner licensed to administer those items, including samples and materials used to manufacture samples which may be dispensed by a practitioner authorized to dispense such samples and all sales or rental of medical oxygen, home respiratory equipment and accessories including parts,

144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(a) "Direct costs", costs incurred by a governmental authority solely because of an internet service provider's use of the public right-of-way. Section 201, et seq. For purposes of this subdivision, internet access also includes: the purchase, use, or sale of communications services, including telecommunications services as defined in section 144.010, to the extent the communications services are purchased, used, or sold to provide the service described in this subdivision or to otherwise enable users to access content,

As used in this subdivision, internet access does not include voice, audio, and video programming or other products and services, except services described in this paragraph or this subdivision, that use internet protocol or any successor protocol and for which there is a charge, regardless of whether the charge is separately stated or aggregated with the charge for services described in this paragraph or this subdivision;

(d) "Tax", any charge imposed by the state or a political subdivision of the state for the purpose of generating revenues for governmental purposes and that is not a fee imposed for a specific privilege, service, or benefit conferred, except as described as otherwise under this subdivision, or any obligation imposed on a seller to collect and to remit to the state or a political subdivision of the state any gross retail tax, sales tax, or use tax imposed on a buyer by such a governmental entity. a. The fee is not imposed for the purpose of recovering direct costs incurred by the franchising or other governmental authority from providing the specific privilege, service, or benefit conferred to the payer of the fee; or

b. The fee is imposed for the use of a public right-of-way based on a percentage of the service revenue, and the fee exceeds the incremental direct costs incurred by the governmental authority associated with the provision of that right-of-way to the provider of internet access service.

Nothing in this subdivision shall be interpreted as an exemption from taxes due on goods or services that were subject to tax on January 1, 2016;

(46) All purchases by a company of solar photovoltaic energy systems, components used to construct a solar photovoltaic energy system, and all purchases of materials and supplies used directly to construct or make improvements to such systems, provided that such systems:

(a) Are sold or leased to an end user; or

(b) Are used to produce, collect and transmit electricity for resale or retail**;**

(47) All sales of necessary personal hygiene products and toiletries. 2. Except as provided in section 162.563, each director shall be a voter of the district who has resided within this state for one year next preceding the director's election or appointment and who is at least twenty-four years of age. All directors, except as otherwise provided in sections 162.481, 162.492, and 162.563, shall hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board**[**~~, except as provided in section 162.492,~~**]** shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold office until the next school board election, when a successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term. Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five.

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board **[**~~between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The secretary shall likewise certify to the **[**~~mayor~~**] board** any other vacancy occurring in the board. Re: Possible Personal Interest in Legislation

Dear Ms. Miller:

Pursuant to Section 105.461 RSMo, I am hereby filing a written report of personal interest in legislation on which the House of Representatives may vote during the legislative session.

I am a member of the Missouri State Employee's Retirement System, and have previously received a pension from MOSERS, and would be eligible to do so in the future following my service in the General Assembly, or if the statute was changed to allow payments during legislative service. I also currently receive Social Security benefits, relief from taxation of which in Missouri is being considered.

Please publish this letter in the Journal of the House.

If you have any questions, please feel free to contact my office.

Very truly yours,

Dear Speaker Plocher,

It has been the pleasure of a lifetime to represent the wonderful people of the Mighty 78th District and to work alongside my colleagues in this legislature.

May my final remarks to this body, which are summarized by the words of our former President Harry Truman, inspire everyone to better our state for those most at risk:

And with my final remarks having been said:

Pursuant to RSMo. 21.090, I hereby submit my resignation, effective at 11:59 p.m. on April 17, 2023, as a state representative for the 78th District.

Sincerely,

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-SIXTH DAY, TUESDAY, APRIL 18, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Brad Hudson.

Dear Heavenly Father,

Thank You for blessing us with another day. Before us, this morning is yet another opportunity to use the abilities You've given to serve our state. It's getting late in session, Lord. This is a time when the days seem longer, our bodies are getting tired, and our patience can wear thin. Let us be grateful to know that You are there, and that we can draw strength from You. Let us press on. For the long days, the tired bodies, and the thinning patience--Your grace is sufficient. In the words of the psalmist, "Blessed be the LORD for evermore. Amen, and Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: William Garland, George Mizio, Jr. and Drew Patchin.

The Journal of the fifty-fifth day was approved as corrected.

FIFTY-SEVENTH DAY, WEDNESDAY, APRIL 19, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Yolanda Young.

O God,

In these turbulent days when fear and doubt are mounting high, give us broad visions, penetrating eyes, and power of endurance. Help us work with renewed vigor for a warless world, for a better distribution of wealth, and for a brotherhood and sisterhood that transcends race or color.

In the name and spirit of Jesus we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, THURSDAY, APRIL 20, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Brad Hudson.

Almighty God,

What an honor it is to be chosen by Your sovereign hand through the will of our friends and neighbors to serve in this legislative body. What a responsibility it is to be in a position to make decisions that could impact others long after our time here is over. Give us wisdom to make the right decisions. Give us courage to be willing to stand for truth even if we must, at times, stand alone. Give us joy that we may have a deeper appreciation for the blessings that are all around us. Forgive us of our sins, bestow upon us Your grace, and let Thy will be done.

In Jesus' name, I pray, and the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emma Asher, Daniel Asher, James Asher, and Theodore David Reedy.

The Journal of the fifty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-NINTH DAY, MONDAY, APRIL 24, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Ed Lewis.

We praise You, God, for Your infinite wisdom. We know so little, and yet we are so grateful to serve the one who knows all things. We confess that our hearts have been shattered by our selfish desires. We confess our motivations are not always pure and that we want our way and we place our thoughts and ideas in place of Your ideas. We place our goals before the goals of others and the needs of those in our state.

Lord, we pray that we have the attitude of Christ in our dealings.

"Have this attitude in yourselves which was also in Christ Jesus, who, although He existed in the form of God, did not regard equality with God a thing to be grasped, but emptied Himself, taking the form of servant, and being made in the likeness of men. Being found in appearance as a man, He humbled Himself by becoming obedient to the point of death, even death on a cross. For this reason also, God highly exalted Him, and bestowed on Him the name which is above every name, so that at the name of Jesus every knee will bow, of those who are in heaven and on earth and under the earth, and that every tongue will confess that Jesus Christ is Lord, to the glory of God the Father." (Philippians 2:5-11)

We humbly acknowledge You as Lord and we pray that we place the good of others and Your will before our will.

And all the People of the House said, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Brock Page, Jett Page, Claire Page, Max Beardslee, Maverick Beardslee, Vivian Christ, Hazel Christ, Olive Christ, George Christ, Hattie Ingle, and Stella Plocher.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTIETH DAY, TUESDAY, APRIL 25, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"God be merciful unto us and bless us; and cause His face to shine upon us." (Psalm 67:1)

O Holy One, who is the bright sun of the world sending Your light to all of Your creation, shine upon our hearts as we pray this moment, driving away the darkness of evil and enabling us to walk without stumbling, to live without burdening our lives or the lives of others, and to serve our State of Missouri without fear and with fidelity.

Consecrate with Your power the way our feet may go, the way our minds may think, and the way our hearts may feel, that our work may be well done and our lives be filled with the glory of Your creative spirit.

Bless our House with the grace of Your favor, our leaders with the greatness of Your wisdom, and our citizens with the blessings of Your victory.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-ninth day was approved as printed.
